CONSULTING

Building a green transition

⇒ OUR MISSIONS

Building high-performance and sustainable infrastructures that contribute to territories' attractiveness

Enabling sustainable access to essential services for everyone, all around the globe

Supporting the implementation of public policies

Conciliating economic, environmental and social performance

⇒ A UNIQUE POSITION ON THE GLOBAL MARKET

The distinctiveness of a consulting & engineering company. Part of one of Europe's largest private Operations and Maintenance (O&M) industrial group.

⇒ OUR COMMITMENTS

An approach focused on your expectations and your ecosystem.

Reach Sustainable Development Goals, the challenges of your territories' attractiveness rising expectations of citizens.

At your side, we imagine, design and bring to life tomorrow's cities.

A strong know-how and a worldwide presence gives us a thorough understanding of your challenges.

1,200 passionate and committed experts working day-to-day to support the ecological transition and reduce inequalities.
