

OUR LIFE-SAVING RULES

TARGET: ZERO FATAL ACCIDENTS

1. Do not walk or stand under a load.

6. Do not perform hot work unless the fire or explosion risks have been eliminated.

2. Stay out of the path of moving vehicles, plant and equipment.

7. Verify that there is no live energy (mechanical, chemical, electrical, fluids under pressure, etc.) before starting work.

3. Clip on your harness when working at height.

8. Do not handle your phone or any other communication device when driving.

4. Only enter a trench if the appropriate wall supports are in place.

9. Do not work and do not drive under the influence of alcohol or drugs.

5. The atmosphere must be tested safe before entering a confined space and monitored as you work.

10. Signal, reduce speed and check mirrors before turning or reversing.
