Under the €6,000,000,000 Euro Medium Term Notes Programme (the "**Programme**"), described in this Base Prospectus (the "**Base Prospectus**"), Suez Environnement Company ("**Suez Environnement**" or the "**Issuer**"), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro Medium Term Notes (the "**Notes**"). The aggregate nominal amount of Notes outstanding will not at any time exceed €6,000,000,000 (or the equivalent in other currencies). Subject to compliance with all relevant laws, regulations and directives, Notes issued by Suez Environnement may be issued in euro, U.S. dollars, Japanese yen, Swiss francs, Sterling, Renminbi, Hong Kong dollars and in any other currency agreed between the Issuer and the relevant Dealers.

This Base Prospectus constitutes the base prospectus for the purposes of Article 5.4 of Directive 2003/71/EC of the European Parliament and of the Council of 4 November 2003 as amended (which includes the amendments made by Directive 2010/73/EU) (the "**Prospectus Directive**") in respect of, and for the purposes of giving information with regard to, Suez Environnement and its fully consolidated subsidiaries taken as a whole (the "**Group**") and the Notes which, according to the particular nature of the Issuer, is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of Suez Environnement.

This Base Prospectus supersedes and replaces the Base Prospectus dated 24 April 2012 and any Supplements thereto.

Application has been made for approval of this Base Prospectus to the *Autorité des marchés financiers* (the "**AMF**") in France in its capacity as competent authority pursuant to Article 212-2 of its *Règlement Général* which implements the Directive 2003/71/EC of 4 November 2003 as amended on the prospectus to be published when securities are offered to the public or admitted to trading.

Application may be made to Euronext Paris for the period of 12 months from the date of the approval by the AMF of this Base Prospectus, for Notes issued under the Programme to be listed and admitted to trading on Euronext Paris and/or to the relevant authority of any other Member State of the European Economic Area ("**EEA**") for Notes issued under the Programme to be listed and admitted to trading on a Regulated Market in such Member State. Euronext Paris is a regulated market for the purposes of the Markets in Financial Instruments Directive 2004/39/EC, as amended, appearing on the list of regulated markets issued by the European Commission (a "**Regulated Market**").

The relevant final terms (the "**Final Terms**") (a form of which is contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be listed and admitted to trading and, if so, the relevant stock exchange. Notes listed on other stock exchanges (whether on a Regulated Market or not) or not listed and admitted to trading may be issued under the Programme.

Notes will be in such denomination(s) as may be specified in the relevant Final Terms, save that the minimum denomination of each Note listed and admitted to trading on a Regulated Market or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive will be €100,000 and, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency at the issue date, or such higher amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant specified currency.

Notes may be issued either in dematerialised form (the "**Dematerialised Notes**") or in materialised form (the "**Materialised Notes**") as more fully described herein. Dematerialised Notes will at all times be in book entry form in compliance with Articles L.211-3 and R.211-1 of the French *Code monétaire et financier*. No physical documents of title will be issued in respect of the Dematerialised Notes.

Dematerialised Notes may, at the option of the Issuer, be in bearer dematerialised form (*au porteur*) inscribed as from the issue date in the books of Euroclear France, a subsidiary of Euroclear Bank S.A./N.V. ("**Euroclear France**") which shall credit the accounts of Euroclear France Account Holders including Euroclear Bank S.A./N.V. ("**Euroclear**") and the depositary bank for Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**") or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant holder of Notes (a "**Noteholder**"), in either fully registered form (*au nominatif pur*), in which case they will be inscribed in an account maintained by the Registration Agent acting on behalf of the Issuer, or in administered registered form (*au nominatif administré*) in which case they will be inscribed in the accounts of the Euroclear France Account Holders designated by the relevant Noteholders. "**Euroclear France Account Holder**" means any authorised financial intermediary institution entitled to hold directly or indirectly accounts on behalf of its customers with Euroclear France, and includes the depositary bank for Clearstream, Luxembourg and Euroclear.

Materialised Notes will be in bearer form only and may only be issued outside France and the United States. A temporary global certificate in bearer form without interest coupons attached (a "**Temporary Global Certificate**") will initially be issued in connection with Materialised Notes. No interest will be payable on the Temporary Global Certificate. Such Temporary Global Certificate will be exchanged for definitive Materialised Notes in bearer form with, where applicable, coupons for interest attached on or after a date expected to be on or about the 40th day after the issue date of the Notes upon certification as to non U.S. beneficial ownership as more fully described herein.

Temporary Global Certificates will (a) in the case of a Tranche (as defined below) intended to be cleared through Euroclear and/or Clearstream, Luxembourg, be deposited on the issue date with a common depositary on behalf of Euroclear and/or Clearstream, Luxembourg and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream, Luxembourg or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer (as defined below).

The long-term senior unsecured Notes and the short-term senior unsecured Notes of the Issuer are currently rated A3 and Prime-2 respectively by Moody's Investors Service Ltd. ("**Moody's**"). As of the date of this Base Prospectus, Moody's is established in the European Union ("**EU**") and is registered under Regulation (EC) No 1060/2009 on credit rating agencies (as amended) (the "**CRA Regulation**") and is included in the list of credit rating agencies registered in accordance with the CRA Regulation published on the website of the European Securities and Markets Authority (www.esma.europa.eu/page/List-registered-and-certified-CRAs) in accordance with such regulation. Notes issued under the Programme may be rated or unrated. Notes which are rated will have such rating as is assigned to them by Moody's or such other relevant rating organisation as specified in the Final Terms. The relevant Final Terms will specify whether or not such credit ratings are issued by a credit rating agency established in the European Union and registered under the CRA Regulation. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

The final terms of the Notes will be determined at the time of the offering of each Tranche and will be set out in the relevant Final Terms.

Copies of the documents incorporated by reference herein can be obtained free of charge from the registered office of the Issuer and will also be published on the Issuer's website (www.suez-environnement.com).

In connection with the issue and distribution of any Tranche (as defined in "General Description of the Programme") of Notes, the Dealer or the Dealers (if any) named as the stabilising manager(s) (the "Stabilising Manager(s)") (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche and 60 days after the date of the allotment of the relevant Tranche. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or person(s) acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer do not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

*For the purpose of this section headed "Risk factors", the "**Group**" is defined as the Issuer and its subsidiaries.*

The order in which the following risks factors are presented is not an indication of the likelihood of their occurrence.

(A) Risk Factors relating to the Notes

The following paragraphs describe some of the risk factors that are material to the Notes to be offered and/or admitted to trading in order to assess the market risk associated with these Notes. They do not describe all the risks of an investment in the Notes. Prospective investors should consult their own financial and legal advisers about risks associated with investment in a particular Series of Notes and the suitability of investing in the Notes in light of their particular circumstances.

Terms defined herein shall have the same meaning as in the Terms and Conditions of the Notes.

1. General Risks relating to the Notes

Independent Review and Advice

Each prospective investor in the Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

Potential Conflicts of Interest

All or some of the Dealers and their affiliates have engaged, and/or may in the future engage, in investment banking, commercial banking and other financial advisory and commercial dealings with the Issuer and its affiliates and in relation to securities issued by any entity of the Group. They have or may (i) engage in investment banking, trading or hedging activities including in activities that

may include prime brokerage business, financing transactions or entry into derivative transactions, (ii) act as underwriters in connection with offering of shares or other securities issued by any entity of the Group or (iii) act as financial advisers to the Issuer or other companies of the Group. In the context of these transactions, some of such Dealers have or may hold shares or other securities issued by entities of the Group. Where applicable, they have or will receive customary fees and commissions for these transactions.

Each of the Issuer and the Dealers may from time to time be engaged in transactions involving an index or related derivatives which may affect the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

Potential conflicts of interest may arise between the Calculation Agent, if any, for a Tranche of Notes and the Noteholders, including with respect to certain discretionary determinations and judgments that such Calculation Agent may make pursuant to the Terms and Conditions of the Notes that may influence the amount receivable upon redemption of the Notes.

Legality of Purchase

Neither the Issuer, the Dealer(s) nor any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor in the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

Modification, waivers and substitution

The Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

Regulatory Restrictions

Investors whose investment activities are subject to investment laws and regulations or to review or regulation by certain authorities may be subject to restrictions on investments in certain types of debt securities. Investors should review and consider such restrictions prior to investing in the Notes.

Taxation

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as the Notes. Potential investors cannot rely upon the tax summary contained in this Base Prospectus but should ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only these advisers are in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in connection with the taxation sections of this Base Prospectus.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the "**Savings Directive**"), Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a paying agent located within their

jurisdiction to, or for the benefit of, an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland). The rate of this withholding tax is currently 35 per cent..

Pursuant to the Terms and Conditions of the Notes, if a payment were to be made or collected through a Member State which has opted for a withholding system under the Savings Directive and an amount of, or in respect of, tax is withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note, as a result of the imposition of such withholding tax. The Issuer will be required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Savings Directive.

The European Commission has proposed certain amendments to the Savings Directive which may, if implemented, amend or broaden the scope of the requirements described above.

Financial Transaction Tax

On 14 February 2013, the EU Commission adopted a proposal for a Council Directive (the “**Draft Directive**”) on a common financial transaction tax (“**FTT**”). According to the Draft Directive, the FTT shall be implemented and enter into effect in eleven EU Member States (Austria, Belgium, Estonia, France, Germany, Greece, Italy, Portugal, Spain, Slovakia and Slovenia; the “**Participating Member States**”) on 1 January 2014.

Pursuant to the Draft Directive, the FTT shall be payable on financial transactions provided at least one party to the financial transaction is established or deemed established in a Participating Member State and there is a financial institution established or deemed established in a Participating Member State which is a party to the financial transaction, or is acting in the name of a party to the transaction. The FTT shall, however, not apply to (inter alia) primary market transactions referred to in Article 5 (c) of Regulation (EC) No 1287/2006, including the activity of underwriting and subsequent allocation of financial instruments in the framework of their issue.

The rates of the FTT shall be fixed by each Participating Member State but for transactions involving financial instruments other than derivatives shall amount to at least 0.1 per cent. of the taxable amount. The taxable amount for such transactions shall in general be determined by reference to the consideration paid or owed in return for the transfer. The FTT shall be payable by each financial institution established or deemed established in a Participating Member State which is a party to the financial transaction, acting in the name of a party to the transaction or where the transaction has been carried out on its account. Where the FTT due has not been paid within the applicable time limits, each party to a financial transaction, including persons other than financial institutions, shall become jointly and severally liable for the payment of the FTT due.

Prospective holders should therefore note, in particular, that any sale, purchase or exchange of the Notes will be if the Draft Directive is implemented by the Participating Member States in its current form, subject to the FTT at a minimum rate of 0.1 per cent. provided the abovementioned prerequisites are met. The holder may be liable to itself pay this charge or reimburse a financial institution for the charge, and/or the charge may affect the value of the Notes. However, the issuance of Notes under the Programme should not be subject to the FTT.

The Draft Directive is still subject to negotiation between the Participating Member States and therefore may be changed at any time. Moreover, once the Draft Directive has been adopted (the “Directive”), it will need to be implemented into the respective domestic laws of the Participating Member States and the domestic provisions implementing the Directive might deviate from the Directive itself. Furthermore, the United Kingdom has challenged the legality of the FTT before the European Court of Justice. Prospective holders of the Notes should consult their own tax advisers in relation to the consequences of the FTT associated with subscribing for, purchasing, holding and disposing of the Notes.

Change of Law

The Terms and Conditions of the Notes are based on French laws in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in French laws or administrative practice after the date of this Base Prospectus.

French Insolvency Law

Under French insolvency law, holders of debt securities are automatically grouped into a single assembly of holders (the “**Assembly**”) in case of the opening in France of an accelerated financial preservation (*procédure de sauvegarde financière accélérée*) or a preservation (*procédure de sauvegarde*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) of the Issuer, in order to defend their common interests.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme (such as a Euro Medium Term Notes programme) and regardless of their governing law.

The Assembly deliberates on the draft safeguard (*projet de plan de sauvegarde*) or judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (charges) of holders of debt securities (including the Noteholders) by rescheduling and/or writing-off debts;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into shares or securities that give or may give right to the share capital.

Decisions of the Assembly will be taken by a two-third majority (calculated as a proportion of the debt securities held by the holders attending such Assembly or represented thereat). No quorum is required on convocation of the Assembly.

For the avoidance of doubt, the provisions relating to the Representation of the Noteholders described in the Terms and Conditions of the Notes set out in this Base Prospectus and, if applicable, as completed by the applicable Final Terms will not be applicable in these circumstances.

Liquidity Risks/Trading Market for the Notes

The Notes may not have an established trading market when issued. There can be no assurance of a secondary market for the Notes or the continued liquidity of such market if one develops.

The development or continued liquidity of any secondary market for the Notes will be affected by a number of factors such as general economic conditions, the financial condition, the creditworthiness

of the Issuer and/or the Group, and the value of any applicable reference rate, as well as other factors such as the complexity and volatility of the reference rate, the method of calculating the return to be paid in respect of such Notes, the time remaining to the maturity of the Notes, the outstanding amount of the Notes, any redemption features of the Notes, the performance of other instruments (e.g., commodities or securities) linked to the reference rates and the level, direction and volatility of interest rates generally. Such factors also will affect the market value of the Notes. In addition, certain Notes may be designed for specific investment objectives or strategies and therefore may have a more limited secondary market and experience more price volatility than conventional debt securities.

Investors may not be able to sell Notes readily or at prices that will enable investors to realise their anticipated yield. No investor should purchase Notes unless the investor understands and is able to bear the risk that certain Notes will not be readily sellable, that the value of Notes will fluctuate over time and that such fluctuations will be significant.

Exchange Rate Risks and Exchange Controls

The principal of, or any return on, Notes may be payable in, or determined by reference to, one or more specified currencies (including exchange rates and swap indices between currencies or currency units). For investors whose financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the specified currency in which the related Notes are denominated, or where principal or return in respect of Notes is payable by reference to the value of one or more specified currencies other than by reference solely to the Investor's Currency, an investment in such Notes entails significant risks that are not associated with a similar investment in a debt security denominated and payable in such Investor's Currency. Such risks include, without limitation, the possibility of significant fluctuations in the rate of exchange between the applicable specified currency and the Investor's Currency and the possibility of the imposition or modification of exchange controls by authorities with jurisdiction over such specified currency or the Investor's Currency. Such risks generally depend on a number of factors, including financial, economic and political events over which the Issuer has no control.

Appreciation in the value of the Investor's Currency relative to the value of the applicable specified currency would result in a decrease in the Investor's Currency-equivalent yield on a Note denominated, or the principal of or return on which is payable, in such specified currency, in the Investor's Currency-equivalent value of the principal of such Note payable at maturity (if any) and generally in the Investor's Currency-equivalent market value of such Note. In addition, depending on the specific terms of a Note denominated in, or the payment of which is determined by reference to the value of, one or more specified currencies (other than solely the Investor's Currency), fluctuations in exchange rates relating to any of the currencies or currency units involved could result in a decrease in the effective yield on such Note and, in certain circumstances, could result in a loss of all or a substantial portion of the principal of such Note to the investor.

Government and monetary authorities have imposed from time to time, and may in the future impose, exchange controls that could affect exchange rates, as well as the availability, of the specified currency in which a Note is payable at the time of payment of the principal or return in respect of such Note.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed in this section, and other factors that may affect the value of the Notes. A credit rating is

not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Market Value of the Notes

The market value of the Notes will be affected by the creditworthiness of the Issuer and/or that of the Group and a number of additional factors, including, but not limited to, the volatility of market interest and yield rates and the time remaining to the maturity date.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such Noteholder.

2. Risks relating to the structure of a particular issue of Notes

The Programme allows for different types of Notes to be issued. Accordingly, each Tranche of Notes may carry varying risks for potential investors depending on the specific features of such Notes such as, inter alia, the provisions for computation of periodic interest payments, if any, redemption and issue price.

Optional Redemption

Any optional redemption feature where the Issuer is given the right to redeem the Notes early might negatively affect the market value of such Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period. Furthermore, since the Issuer may be expected to redeem the Notes when prevailing interest rates are relatively low, an investor might not be able to reinvest the redemption proceeds at an effective interest rate as high as the return that would have been received on such Notes had they not been redeemed.

Exercise of the Put Option in case of Change of Control in respect of certain Notes may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised

Depending on the number of Notes of the same Series in respect of which the Put Option in case of Change of Control provided in the relevant Final Terms is exercised, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid.

Fixed Rate Notes

Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant Tranche of Notes.

Floating Rate Notes

Investment in Notes which bear interest at a floating rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three months or six months) which itself will change in accordance with general market conditions. Accordingly, the market value of floating rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate.

Zero Coupon Notes and other Notes issued at a substantial discount or premium

The market values of the Zero Coupon Notes, as well as other securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Inflation Linked Notes

The Issuer may issue Notes with principal or interest determined by reference to the rate of inflation in France, in the European Monetary Union or in the United States of America (“**Inflation Linked Notes**”), where interest amounts and/or principal are dependent upon the performance of an inflation index, which will be one of (i) the consumer price index (excluding tobacco) for all households in France or the relevant substitute index (the “**CPI**”), as calculated and published monthly by the *Institut National de la Statistique et des Etudes Economiques* (“**INSEE**”), (ii) the harmonised index of consumer prices (excluding tobacco), or the relevant substitute index, measuring the rate of inflation in the European Monetary Union as calculated and published monthly by Eurostat (the “**HICP**”) or (iii) the United States non-seasonally adjusted consumer price index for all urban consumers as reported monthly by the Bureau of Labor Statistics of the U.S. Department of Labor (“**BLS**”) and published on Bloomberg page “CPURNSA” or any successor source (“**US CPI**”) (each an “**Inflation Index**” and together, the “**Inflation Indices**”). If, at maturity, the level of the relevant Inflation Index is less than 1.00, the Notes will be redeemed at par.

Neither the current nor the historical levels of any of the Inflation Indices should be taken as an indication of future performance of such index during the term of any Inflation Linked Notes.

Inflation Linked Notes are not in any way sponsored, endorsed, sold or promoted by the INSEE, Eurostat or BLS, as the case may be, and the INSEE, Eurostat or BLS, as the case may be, makes no warranty or representation whatsoever, express or implied, either as to the results to be obtained from the use of any of the Inflation Indices and/or the figure at which such indices stand at any particular time. The Inflation Indices are determined, composed and calculated by the INSEE, Eurostat or BLS, as the case may be, without regard to the Issuer or the Notes. The INSEE, Eurostat or BLS, as the case may be, is not responsible for or has not participated in the determination of the timing of, prices of, or quantities of the Inflation Linked Notes to be issued or in the determination or calculation of the interest payable under such Notes.

None of the Issuer, the Dealer(s) or any of their respective affiliates makes any representation as to the Inflation Indices (as defined herein). Any of such persons may have acquired, or during the term of the Notes may acquire, non-public information with respect to any of the Inflation Indices that is or may be material in the context of Inflation Linked Notes. The issue of Inflation Linked Notes will not create any obligation on the part of any such persons to disclose to the holders of Notes or any other party such information (whether or not confidential).

Variable rate Notes

Notes with variable interest rates can be volatile investments. If they are structured to include caps or floors, or any combination of those features, their market values may be even more volatile than those for securities that do not include those features.

RMB Notes

RMB is not freely convertible; there are significant restrictions on remittance of RMB into and out of the PRC and the liquidity of the Notes denominated in RMB may be adversely affected

RMB is not freely convertible at present. The PRC government continues to regulate conversion between RMB and foreign currencies, despite the significant reduction over the years by the PRC government of control over routine foreign exchange transactions under current accounts. Participating banks in Hong Kong have been permitted to engage in the settlement of RMB trade transactions under a pilot scheme introduced in July 2009. This represents a current account activity. The pilot scheme was extended in June 2010 to cover twenty provinces and cities in the PRC and was further expanded in August 2011 to (i) cover all provinces and cities in the PRC and (ii) make RMB trade and other current account item settlement available in all countries worldwide. The PRC regulatory authorities (including the PBOC, the Ministry of Commerce ("**MOFCOM**") and the State Administration of Foreign Exchange ("**SAFE**") have issued certain PRC regulations on the remittance of RMB into the PRC for settlement of capital account items in the forms of cross-border transfers of capital and direct investments in RMB, and foreign investors may only remit offshore RMB into the PRC for direct investments with RMB that it has generated from cross-border trade settlement, that is lawfully remitted out of the PRC or that is lawfully obtained by it outside the PRC upon obtaining the approvals required under the regulations issued or to be issued by the relevant PRC authorities.

In 2011, the PRC government issued certain new rules imposing significant restrictions to the remittance of RMB into and out of the PRC, including, among other things, restrictions on the remittance of RMB into the PRC by way of direct investments or loans. On 25 February 2011, MOFCOM promulgated the Circular on Issues concerning Foreign Investment Management (the "**MOFCOM Circular**"). Under the MOFCOM Circular, if a foreign investor intends to make investments in the PRC with RMB funds generated from cross-border trade settlement or otherwise lawfully obtained outside the PRC, whether by way of establishing a new enterprise, increasing the registered capital of an existing enterprise, acquiring an onshore enterprise or providing loan facilities, prior written consent from the Ministry of Commerce (Foreign Investment Department) is required. On 3 June 2011, the PBOC issued the PBOC Circular. Pursuant to the PBOC Circular, if a foreign investor intends to make investments in the PRC with RMB funds it lawfully obtained outside the PRC, whether by way of establishing a new enterprise, increasing the registered capital of an existing enterprise, acquiring an onshore enterprise (excluding any round-tripping acquisition) or providing loan facilities, it shall, in addition to the approval from the Ministry of Commerce (Foreign Investment Department) in accordance with the MOFCOM Circular, also obtain an approval from the PBOC. To facilitate RMB inbound direct investments by foreign investors, the Ministry of Commerce promulgated the Circular on Issues Concerning Cross-Border RMB Direct Investment (the "**New MOFCOM Circular**") on 12 October 2011, and the PBOC issued the Administrative Measures on Settlement of Cross-Border RMB Direct Investment (the "**PBOC Measures**") on 13 October 2011.

According to the New MOFCOM Circular, the local counterparts of the Ministry of Commerce are authorised to review and approve cross-border RMB direct investments in accordance with the administrative regulations on foreign investments currently in force and the authorities granted under these regulations; however, for investments in the amount of RMB 300 million or more and investments relating to (i) financial guarantee, finance lease, micro-financing, auction and similar businesses, (ii) foreign-invested investment companies, foreign-invested venture capital investment or equity investment enterprises, and (iii) cement, iron and steel, electrolytic aluminum, shipbuilding and similar industries that are subject to macro-control measures, the provincial level counterparts of the Ministry of Commerce must submit the application documents to the Ministry of Commerce for review and approval before issuing the official approval. To the extent that any provisions in

previous rules are inconsistent with the provisions in the New MOFCOM Circular, the provisions in the New MOFCOM Circular should prevail. According to the PBOC Measures, foreign investors, foreign-invested enterprises or their Chinese shareholders may submit applications to domestic banks to open RMB bank settlement accounts for deposit and settlement of RMB funds remitted into China in accordance with the Administrative Measures on RMB Bank Settlement Accounts for Foreign Institutions and the Administrative Measures on RMB Bank Settlement Accounts. After examining the approval or filing documents issued by the Ministry of Commerce, its local counterparts or other relevant regulatory authorities in relation to cross-border RMB direct investments, domestic banks are permitted to process foreign investors' requests for remittance of offshore RMB funds into the PRC. To the extent that any provisions in previous rules are inconsistent with the provisions in the PBOC Measures, the provisions in the PBOC Measures shall prevail.

As these regulations and rules are relatively new, their interpretation and enforcement involve uncertainty.

There is no assurance that the PRC government will continue to gradually liberalise the control over cross-border RMB remittances in the future, that the pilot scheme introduced in the July 2009 will not be discontinued or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of RMB funds into or out of the PRC.

The current size of RMB and RMB denominated financial assets outside of the PRC is limited, and its growth is subject to many constraints which are directly affected by PRC laws and regulations on foreign exchange and may adversely affect the liquidity of Notes denominated in RMB.

Payments in respect of the RMB Notes will only be made to investors in the manner specified in the RMB Notes

Investors may be required to provide certification and other information (including RMB account information) in order to be allowed to receive payments in RMB in accordance with the RMB clearing and settlement system for participating banks in Hong Kong.

Except in limited circumstances, all payments of RMB under Notes denominated in RMB to an investor will be made solely by transfer to a RMB bank account maintained in Hong Kong by such investor in accordance with the prevailing rules and regulations and in accordance with the terms and conditions of the Notes. The Issuer cannot be required to make payment by any other means (including in bank notes or by transfer to a bank account in the PRC or anywhere else outside Hong Kong). RMB is not freely convertible at present, and conversion of RMB into other currencies through banks in Hong Kong is subject to certain restrictions. In particular, for Hong Kong residents, currently conversions of RMB conducted through RMB deposit accounts are subject to a daily limit (as of the date hereof, such limit being up to RMB 20,000 per person per day), and investors may have to allow time for conversion of RMB from/to another currency of an amount exceeding such daily limit.

In addition, there can be no assurance that access to RMB for the purposes of making payments under such Notes or generally may remain or will not become restricted. If it becomes impossible to convert RMB from/to another freely convertible currency, or transfer RMB between accounts in Hong Kong, or the general RMB exchange market in Hong Kong becomes illiquid, any payment of RMB under the Notes may be delayed or the Issuer may make such payments in another currency selected by the Issuer using an exchange rate determined by the Calculation Agent, or the Issuer may redeem the Notes by making payment in another currency.

RMB exchange rate risk

The value of RMB against the Hong Kong dollar and other foreign currencies fluctuates and is affected by changes in the PRC and international political and economic conditions and by many other factors. The Issuer will make all RMB payments under Notes denominated in RMB in RMB (subject to the third paragraph under the heading "*Payments in respect of the RMB Notes will only be made to investors in the manner specified in the RMB Notes*" above). As a result, the value of such payments in RMB (in Hong Kong dollars or other applicable foreign currency terms) may vary with the prevailing exchange rates in the marketplace. If the value of RMB depreciates against the Hong Kong dollar or other foreign currencies, the value of an investor's investment in Hong Kong dollars or other applicable foreign currency terms will decline.

RMB interest rate risk

Where applicable, the value of RMB payments under Notes denominated in RMB may be susceptible to interest rate fluctuations.

Consequently, the trading price of such Notes will vary with fluctuations in RMB interest rates. If a Noteholder tries to sell such Notes before their maturity, such Noteholder may receive an offer that is less than his original investment.

All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. (i) Dematerialised Notes are issued, as specified in the relevant Final Terms (the "**Final Terms**"), in (x) bearer dematerialised form (*au porteur*) only, in which case they are inscribed in the books of Euroclear France (acting as central depository) which credits the accounts of Euroclear France Account Holders (as defined below), (y) in registered dematerialised form (*au nominatif*) only and, in such case, at the option of the relevant Noteholder, in administered registered dematerialised form (*au nominatif administré*) in which case they will be inscribed in the accounts of the Euroclear France Account Holders designated by the relevant Noteholders or in fully registered dematerialised form (*au nominatif pur*) inscribed in an account in the books of Euroclear France maintained by the Registration Agent acting on behalf of the Issuer.

Materialised Bearer Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

In accordance with Article L.211-3 of the French Code monétaire et financier, securities (such as the Notes) which are governed by French law and are in materialised form must be issued outside the French territory.

- (b) **Denomination(s)**: Notes shall be issued in the specified denomination(s) as set out in the relevant Final Terms save that the minimum denomination of each Note listed and admitted to trading on a Regulated Market or offered to the public in a Member State of the EEA in circumstances which require the publication of a prospectus under the Prospectus Directive will be €100,000, and if the Notes are denominated in a currency other than euro, the equivalent amount in each such currency at the issue date (the "**Specified Denomination(s)**") or such higher amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any applicable laws or regulations. Dematerialised Notes shall be issued in one Specified Denomination only.

- (c) Title:

- (i) Title to Dematerialised Notes will be evidenced in accordance with Articles L.211-3 and R.211-1 of the French *Code monétaire et financier* by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Dematerialised Notes. Title to Dematerialised Notes issued in bearer form (*au porteur*) and in administered registered form (*au nominatif administré*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of Euroclear France Account Holders. - (iii) Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Note (as defined below), Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.
- (iv) In these Conditions, "**holder of Notes**" or "**holder of any Note**" or "**Noteholder**" means (i) in the case of Dematerialised Notes, the person whose name appears in the account of the relevant Euroclear France Account Holder or the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes and (ii) in the case of Materialised Notes, the bearer of any Definitive Materialised Bearer Note and the Coupons, or Talon relating to it,

and capitalised terms have the meanings given to them in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

(d) Redenomination

- (i) The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the holder of any Note, Coupon or Talon, by giving at least 30 days' notice in accordance with Condition 15 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community, as amended from time to time (the "**Treaty**")) or events have occurred which have substantially the same effects (in either case, "**EMU**"), redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the "**Redenomination Date**".
- (ii) The redenomination of the Notes pursuant to Condition 1(d)(i) shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to Article 123 (4) of the Treaty and rounding the resultant figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 15. Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer.
- (iii) Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to euro.
- (iv) The Issuer may, with the prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 14, without the consent of the holder of any Note, Coupon or Talon, make any changes or additions to these Conditions or Condition 14 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of such holders. Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Coupons and Talons and shall be notified to Noteholders in accordance with Condition 15 as soon as practicable thereafter.
- (v) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.

(e) Method of issue

Each Series may be issued in tranches (each a "**Tranche**") on the same or different issue dates. The specific terms of each Tranche (which, save in respect of the issue date, issue price, first payment of interest and nominal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be set out in the relevant Final Terms.

(A) FBF Determination for Floating Rate Notes

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant FBF Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), "**FBF Rate**" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Transaction under the terms of an agreement incorporating the FBF Definitions and under which:

- I. the Floating Rate is as specified in the relevant Final Terms; and
- II. the relevant Floating Rate Determination Date (*Date de Détermination du Taux Variable*) is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (A), "Floating Rate" (*Taux Variable*), "Calculation Agent" (*Agent*), "Floating Rate Determination Date" (*Date de Détermination du Taux Variable*) and "Transaction" (*Transaction*) have the meanings given to those terms in the FBF Definitions, provided that "Euribor" means the rate calculated for deposits in euro which appears on Reuters Page EURIBOR01, as more fully described in the relevant Final Terms.

(B) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (B), "**ISDA Rate**" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- I. the Floating Rate Option is as specified in the relevant Final Terms;

- II. the Designated Maturity is a period specified in the relevant Final Terms; and
- III. the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (B), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**", "**Reset Date**" and "**Swap Transaction**" have the meanings given to those terms in the ISDA Definitions.

(C) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:

- I. the offered quotation; or
- II. the arithmetic mean of the offered quotations, (expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the relevant Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the relevant Final Terms.

- III. if the Relevant Screen Page is not available or, if sub-paragraph 5(c)(iii)(C)I applies and no such offered quotation appears on the Relevant Screen Page, or, if sub-paragraph 5(c)(iii)(C)II applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and

- IV. if paragraph (III) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).
- V. Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being CMS Rate, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be determined by the Calculation Agent by reference to the following formula:

$$\text{CMS Rate} + \text{Margin}$$

If the Relevant Screen Page is not available, the Calculation Agent shall request each of the CMS Reference Banks to provide the Calculation Agent with its quotation for the Relevant Swap Rate at approximately the Specified Time on the Interest Determination Date in question. If at least three of the CMS Reference Banks provide the Calculation Agent with such quotations, the CMS Rate for such Interest Accrual Period shall be the arithmetic mean of such quotations, eliminating the highest quotation (or,

in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest).

If on any Interest Determination Date less than three or none of the CMS Reference Banks provides the Calculation Agent with such quotations as provided in the preceding paragraph, the CMS Rate shall be determined by the Calculation Agent on such commercial basis as considered appropriate by the Calculation Agent in its absolute discretion, in accordance with standard market practice.

(iv) Rate of Interest for Inflation Linked Notes

(A) Consumer Price Index (CPI)

Where the consumer price index (excluding tobacco) for all households in France, as calculated and published by the *Institut National de la Statistique et des Etudes Economiques* (the “INSEE”) (“CPI”) is specified as the Index in the relevant Final Terms, this Condition shall apply. Terms defined herein shall have the meanings set out below only when this Condition shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the CPI (the “**CPI Linked Interest**”) will be determined by the Calculation Agent on the following basis:

- I. fixed rate specified in the relevant Final Terms multiplied by the Index Inflation Ratio.

On the fifth Business Day before each Interest Payment Date (an “**Interest Determination Date**”) the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition, the “**Inflation Index Ratio**” or “**IIR**” is the ratio between (i) the CPI Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the CPI Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the “**Base Reference**”). The IIR will be rounded if necessary to five significant figures (with halves being rounded up).

“**CPI Daily Inflation Reference Index**” means (A) in relation to the first day of any given month, the CPI Monthly Reference Index of the third month preceding such month, and (B) in relation to a day (**D**) (other than the first day) in any given month (**M**), the linear interpolation of the CPI Monthly Reference Index pertaining respectively to the third month preceding such month (**M - 3**) and the second month preceding such month (**M - 2**) calculated in accordance with the following formula:

CPI Daily Inflation Reference Index=

$$\text{CPI Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{CPI Monthly Reference Index}_{M-2} - \text{CPI Monthly Reference Index}_{M-3})$$

With:

“**CPI Monthly Reference Index** $M-2$ ”: price index of month M - 2;

“**CPI Monthly Reference Index** $M-3$ ”: price index of month M - 3;

“**D**”: actual day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25; and

“ ND_M ”: number of days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

The CPI Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such CPI Daily Inflation Reference Index appears on the *Agence France Trésor* Reuters page OATINFLATION01 or on Bloomberg TRESOR <GO> pages and on the website www.aft.gouv.fr. In the case of doubt in the interpretation of the methods used to calculate the Inflation Index Ratio, such methods shall be interpreted by reference to the procedures selected by the French Treasury (*Trésor*) for its *obligations assimilables du Trésor indexées sur l'inflation*.

“**CPI Monthly Reference Index**” refers to the definitive consumer price index excluding tobacco for all households in France, as calculated and published monthly by the INSEE as such index may be adjusted or replaced from time to time as provided herein.

- II. The calculation method described below is based on the recommendation issued by the French Bond Association (*Comité de Normalisation Obligataire* – www.cnofrance.org) in its December 2010 Paper entitled “*Inflation Indexed Notes*” (*Obligations et autres instruments de taux d'intérêt en euro, Normes et usages des marchés de capitaux – Chapitre II: Les obligations indexées sur l'inflation*). In the case of any conflict between the calculation method provided below and the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*), the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*) shall prevail.

The CPI Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the fixed rate *per annum* specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).

- III. If the CPI Monthly Reference Index is not published in a timely manner, a substitute CPI Monthly Reference Index (the “**Substitute CPI Monthly Reference Index**”) shall be determined by the Calculation Agent in accordance with the following provisions:
- (x) If a provisional CPI Monthly Reference Index (*indice provisoire*) has already been published, such index shall automatically be used as the Substitute CPI Monthly Reference Index. Such provisional CPI Monthly Reference Index would be published under the heading

"*indice de substitution*". Once the definitive CPI Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.

- (y) If no provisional CPI Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute CPI Monthly Reference Index_M=

$$\text{CPI Monthly Reference Index}_{M-1} \times \frac{\text{CPI Monthly Reference Index}_{M-12} \times \frac{1}{\text{CPI Monthly Reference Index}_{M-13}}}{\text{CPI Monthly Reference Index}_{M-13}}$$

In the event INSEE decides to proceed with one or more base changes for the purpose of calculating the CPI Monthly Reference Index, the two CPI Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December CPI Monthly Reference Index of the last year of joint publications, which corresponds to the CPI Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{CPI Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{CPI Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{CPI Monthly Reference Index (New Basis)} = \text{CPI Monthly Reference Index (Previous Basis)} \times \text{Key}$$

(B) Harmonised Index of Consumer Prices (HICP)

Where the harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European Monetary Union as calculated and published monthly by Eurostat (the “**HICP**”) is specified as the Index in the relevant Final Terms, this Condition shall apply. Terms defined herein shall have the meanings set out below only when this Condition shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the HICP (the “**HICP Linked Interest**”) will be determined by the Calculation Agent on the following basis:

- I. fixed rate specified in the relevant Final Terms multiplied by the Index Inflation Ratio.

On the fifth Business Day before each Interest Payment Date (an “**Interest Determination Date**”) the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition, the “**Inflation Index Ratio**” or “**IIR**” is the ratio between (i) the HICP Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the HICP Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the “**Base Reference**”). The IIR will be rounded if necessary to five significant figures (with halves being rounded up).

“**HICP Daily Inflation Reference Index**” means (A) in relation to the first day of any given month, the HICP Monthly Reference Index of the third month preceding such month, and (B) in relation to a day (**D**) (other than the first day) in any given month (**M**), the linear interpolation of the HICP Monthly Reference Index pertaining respectively to the third month preceding such month (**M - 3**) and the second month preceding such month (**M - 2**) calculated in accordance with the following formula:

HICP Daily Inflation Reference Index =

$$\text{HICP Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{HICP Monthly Reference Index}_{M-2} - \text{HICP Monthly Reference Index}_{M-3})$$

With:

“**HICP Monthly Reference Index** $M-2$ ”: price index of month M - 2;

“**HICP Monthly Reference Index** $M-3$ ”: price index of month M - 3.

“**D**”: actual day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25; and

“**ND_M**”: number of days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31.

The HICP Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such HICP Daily Inflation Reference Index appears on the *Agence France Trésor* Reuters page OATEI01, on the website www.aft.gouv.fr and on Bloomberg page TRESOR.

“**HICP Monthly Reference Index**” refers to the harmonised index of consumer prices excluding tobacco measuring the rate of inflation in the European Monetary Union excluding tobacco as calculated and published by Eurostat as such index may be adjusted or replaced from time to time as provided herein. The first publication or announcement of a level of such index for a given

month shall be final and conclusive and later revisions to the level for such month will not be used in any calculations.

- II. The HICP Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the fixed rate *per annum* specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).
- III. If the HICP Monthly Reference Index is not published in a timely manner, a substitute HICP Monthly Reference Index (the “**Substitute HICP Monthly Reference Index**”) shall be determined by the Calculation Agent in accordance with the following provisions:

- (x) If a provisional HICP Monthly Reference Index has already been published by Eurostat, such index shall automatically be used as the Substitute HICP Monthly Reference Index. Once the definitive HICP Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.

- (y) If no provisional HICP Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute HICP Monthly Reference Index_M =

$$\text{HICP Monthly Reference Index}_{M-1} \times \frac{\text{HICP Monthly Reference Index}_{M-1,12}}{\text{HICP Monthly Reference Index}_{M-1,3}}$$

In the event Eurostat decides to proceed with one or more base changes for the purpose of calculating the HICP Monthly Reference Index, the two HICP Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December HICP Monthly Reference Index of the last year of joint publications, which corresponds to the HICP Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{HICP Monthly Reference Index}^{\text{pertaining to December calculated on the new basis}}}{\text{HICP Monthly Reference Index}^{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{HICP Monthly Reference Index} = \text{HICP Monthly Reference Index} \times \text{Key}$$

(C) The United States Consumer Price Index (US CPI)

The US CPI is the non-seasonally adjusted U.S. City Average All Items Consumer Price Index for All Urban Consumers, reported monthly by the Bureau of Labor Statistics of the U.S. Labor Department (the “BLS”) and published on Bloomberg page “CPURNSA” or any successor source. The US CPI for a particular month is published during the following month. The BLS is not involved in the offering of any Notes paying interest based on the US CPI in any way and has no obligation to consider any investor’s or potential investor’s interests as a holder or potential holder of any Notes paying interest based on the US CPI. The BLS has no obligation to continue to publish the US CPI, and may discontinue publication of the US CPI at any time in its sole discretion. The consequences of the BLS discontinuing publication of the US CPI are described below. None of the Issuer, Arranger, Dealers and Calculation Agent assumes any responsibility for the calculation, maintenance, or publication of the US CPI reported by the BLS and Bloomberg or any successor index, or the accuracy or completeness of any information BLS utilizes in calculating the US CPI or published on the Bloomberg page “CPURNSA” or any successor source.

The US CPI is a measure of the average change in consumer prices over time for a fixed market basket of goods and services, including food, clothing, shelter, fuels, transportation, charges for doctors' and dentists' services and drugs. In calculating the index, price changes for the various items are averaged together with weights that represent their importance in the spending of urban households in the United States. The contents of the market basket of goods and services and the weights assigned to the various items are updated periodically by the BLS to take into account changes in consumer expenditure patterns. The US CPI is expressed in relative terms in relation to a time base reference period for which the level is set at 100.0. The base reference period for Notes paying interest based on the US CPI is the 1982-1984 average.

All information contained in this Base Prospectus regarding the US CPI, including, without limitation, its make-up and method of calculation, has been derived from publicly available information. The Issuer, Arranger, Dealers and Calculation Agent do not make any representation or warranty as to the accuracy or completeness of such information.

Notes paying interest based on the US CPI will pay a rate *per annum* linked to the Change in the US CPI (i) plus, if applicable, an additional amount of interest (referred to as the “**spread**”) or (ii) multiplied by a number (referred to as the “**multiplier**”), as either may be specified in the relevant Final Terms; provided that, unless otherwise specified in the relevant Final Terms, the applicable Rate of Interest for Notes paying interest based on the US CPI will also be subject to a Minimum Rate of Interest equal to 0.00% *per annum* and possibly a Maximum Rate of Interest. The “**Change in the US CPI**” for a particular interval will be calculated as follows:

$$\text{CPI}(t) - \text{CPI}(t-x)$$

$$\text{CPI}(t-x)$$

where:

“**CPI(t)**” for any Determination Date is the level of the US CPI for a calendar month (the “**reference month**” which shall be specified in the relevant Final Terms) prior to the calendar month in which the applicable Determination Date falls; and

“**CPI(t-x)**” for any Determination Date is the level of the US CPI for a calendar month prior to the applicable reference month, as specified in the relevant Final Terms.

If by 3:00 p.m. New York City time on any Determination Date the US CPI is not published on Bloomberg “CPURNSA” for any relevant month, but has otherwise been reported by the BLS, then the Calculation Agent will determine the US CPI as reported by the BLS for such month using such other source as, on its face, after consultation with the Issuer, appears to accurately set forth the US CPI as reported by the BLS.

In calculating CPI(t) and CPI(t-x), the Calculation Agent will use the most recently available value of the US CPI determined as described above on the applicable Determination Date, even if such value has been adjusted from a previously reported value for the relevant month. However, if a value of CPI(t) or CPI(t-x) used by the Calculation Agent on any Determination Date to determine the interest rate on a Series of Notes is subsequently revised by the BLS, the interest rate for such Series of Notes determined on such Determination Date will not be revised.

If the US CPI is rebased to a different year or period and the 1982-1984 US CPI is no longer used, the base reference period for Notes paying interest based on the US CPI will continue to be the 1982-1984 reference period as long as the 1982-1984 US CPI continues to be published by the BLS.

If, while any Series of Notes paying interest based on the US CPI is outstanding, the US CPI is discontinued or is substantially altered, as determined in the sole discretion of the Calculation Agent, acting in good faith and in a commercially reasonable manner, the successor index for such Series of Notes will be that index chosen by the Secretary of the Treasury to replace the US CPI for the purpose of calculating payments on the Department of the Treasury's Inflation-Linked Treasuries as described at 62 Federal Register 846-874 (6 January 1997) or, if no such securities are outstanding, the successor index will be determined by the Calculation Agent acting in good faith and in a commercially reasonable manner.

In addition, for the purposes of Notes paying interest based on the US CPI:

“**Determination Date**” shall mean two business days in New York immediately prior to the beginning of the applicable Interest Period, or as specified in the relevant Final Terms (but not more than 28 days prior to the beginning of the applicable Interest Period).

“**Interest Period**” shall mean, in respect of any Series of Notes paying interest based on the US CPI, the period beginning on and including the Issue Date of such Series of Notes and ending on but excluding the first Interest Payment Date, and each successive period beginning on and including a Interest Payment Date and ending on but excluding the next succeeding Interest Payment Date, or such other period as specified in the relevant Final Terms.

“**Interest Payment Date**” shall be the Interest Payment Date specified in the relevant Final Terms.

- (d) **Zero Coupon Notes:** Where a Note the Interest Basis of which is specified to be Zero Coupon and is repayable prior to the Maturity Date is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(f)(i)).
- (e) **Accrual of Interest:** Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date.
- (f) **Margin, Maximum/Minimum Rates of Interest and Redemption Amounts and Rounding:**
- (i) If any Margin is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (c) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin, subject always to the next paragraph.
- (ii) If any Maximum or Minimum Rate of Interest or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (iii) For the purposes of any calculations required pursuant to these Conditions, (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes "**unit**" means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.
- (g) **Calculations:** The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount is specified in the relevant Final Terms in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount. Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.
- (h) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Optional Redemption Amounts and Early Redemption Amounts:** As soon as practicable after the relevant time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, it shall determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Optional Redemption Amount or Early Redemption Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest

Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Optional Redemption Amount or any Early Redemption Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, such Regulated Market so require, such Regulated Market as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such Regulated Market of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

- (i) **Calculation Agent:** The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined Condition 4). If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer shall appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Luxembourg office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. So long as the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, that Regulated Market so require, notice of any change of Calculation Agent shall be given in accordance with Condition 15.
- (j) **RMB Notes:** Notwithstanding the foregoing, each RMB Note which is a Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate per annum equal to the Rate of Interest. For the purposes of calculating the amount of interest, if any Interest Payment Date would otherwise fall on a day which is not a Business Day, it shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month in which case it shall be brought forward to the immediately preceding Business Day. Interest will be payable in arrear on each Interest Payment Date.

The Calculation Agent will, as soon as practicable after 11.00 a.m. (Hong Kong time) on each Interest Determination Date, calculate the amount of interest payable per Specified Denomination for the relevant Interest Period. The determination of the amount of interest payable per Specified Denomination by the Calculation Agent shall (in the absence of manifest error and after confirmation by the Issuer) be final and binding upon all parties.

The Calculation Agent will cause the amount of interest payable per Specified Denomination for each Interest Period and the relevant Interest Payment Date to be notified to each of the Paying

Agents and to be notified to Noteholders as soon as possible after their determination but in no event later than the fourth Business Day thereafter. The amount of interest payable per Specified Denomination and Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 9, the accrued interest per Specified Denomination shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable per Specified Denomination so calculated need be made.

Interest shall be calculated in respect of any period by applying the Rate of Interest to the Specified Denomination, multiplying such product by the actual number of days in the relevant Interest Period or, as applicable, other period concerned and dividing it by 365, and rounding the resultant figure to the nearest Renminbi sub-unit, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

6. REDEMPTION, PURCHASE AND OPTIONS

- (a) **Final Redemption:** Unless previously redeemed, purchased and cancelled as provided below or its maturity is extended pursuant to any option provided by the relevant Final Terms including the Issuer's option in accordance with Condition 6(b) or any Noteholders' option in accordance with Condition 6(d), each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount).
- (b) **Redemption at the Option of the Issuer, Exercise of Issuer's Options and Partial Redemption:** If a Call Option is specified in the relevant Final Terms, the Issuer may, on giving not less than 15 nor more than 30 days' irrevocable notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem, or exercise the Issuer's option (as may be described) in relation to, all or, if so provided, some, of the Notes on any Optional Redemption Date or Option Exercise Date, as the case may be. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption (including, where applicable, any arrears of interest), if any. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the minimum nominal amount to be redeemed specified in the relevant Final Terms and no greater than the maximum nominal amount to be redeemed specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of the Issuer's option in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Bearer Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and Regulated Market or stock exchange requirements.

In the case of a partial redemption of or a partial exercise of an Issuer's option in respect of Dematerialised Notes, the redemption may be effected, at the option of the Issuer, either (i) by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full some only of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes of any Series that will not be redeemed shall be made in

accordance with Article R.213-16 of the *Code monétaire et financier*, subject to compliance with any other applicable laws and Regulated Market or other stock exchange requirements.

So long as the Notes are listed and admitted to trading on Euronext Paris and the rules of that Stock Exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 221-4 of the General Regulations (*Règlement Général*) of the *Autorité des marchés financiers* (the “AMF”) and on the website of any other competent authority and/or Regulated Market of the EEA Member State where the Notes are listed and admitted to trading, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

- (c) **Make-Whole Redemption by the Issuer:** If a Make-Whole Redemption by the Issuer is specified in the relevant Final Terms, in respect of any issue of Notes, the Issuer will, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than 15 nor more than 30 days’ irrevocable notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) have the option to redeem the Notes, in whole or in part, at any time or from time to time, prior to their Maturity Date (the “**Optional Redemption Date**”) at their Optional Redemption Amount.

The Optional Redemption Amount will be calculated by the Calculation Agent and will be the greater of

(x) 100 per cent. of the nominal amount of the Notes so redeemed and,

(y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes (not including any interest accrued on the Notes to, but excluding, the relevant Optional Redemption Date) discounted to the relevant Optional Redemption Date on an annual basis at the Redemption Rate plus a Redemption Margin (as specified in the relevant Final Terms), plus in each case (x) or (y) above, any interest accrued on the Notes to, but excluding, the Optional Redemption Date.

“**Redemption Rate**” means the average of the four quotations given by the Reference Dealers of the mid-market annual yield to maturity of the Reference Security (as specified in the relevant Final Terms) on the fourth business day preceding the Optional Redemption Date at 11.00 a.m. (Central European time (CET)).

“**Reference Dealers**” means each of the four banks selected by the Calculation Agent which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues or as specified in the relevant Final Terms.

If the Reference Security is no longer outstanding, a Similar Security (as specified in the relevant Final Terms) will be chosen by the Calculation Agent at 11.00 a.m. (Central European time (CET)) on the third business day in London preceding the Optional Redemption Date, quoted in writing by the Calculation Agent to the Issuer and notified in accordance with Condition 15.

The Redemption Rate will be notified by the Issuer in accordance with Condition 15.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

In the case of a partial redemption, in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Notes to be

redeemed, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances and taking account of prevailing market practices, subject to compliance with any applicable laws and Regulated Market or other stock exchange requirements on which the Notes are listed and admitted to trading.

In the case of a partial redemption in respect of, Dematerialised Notes, the redemption may be effected, at the option of the Issuer, either (i) by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full some only of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes of any Series that will not be redeemed shall be made in accordance with Article R.213-16 of the French *Code monétaire et financier*, subject to compliance with any other applicable laws and Regulated Market or other stock exchange requirements on which the Notes are listed and admitted to trading.

Any notice given by the Issuer pursuant to this Condition 6(c) shall be deemed void and of no effect in relation to any Note in the event that, prior to the giving of such notice by the Issuer, the relevant Noteholder had already delivered an Exercise Notice in relation to such Note in accordance with Condition 6(d) below.

So long as the Notes are listed and admitted to trading on Euronext Paris and the rules of that stock exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 221-4 of the General Regulations (*Règlement Général*) of the AMF and on the website of any other competent authority and/or Regulated Market of the EEA Member State where the Notes are listed and admitted to trading, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

- (d) **Redemption at the Option of Noteholders and Exercise of Noteholders' Options:** If a Put Option is specified in the relevant Final Terms, the Issuer shall, at the option of the Noteholder, upon the Noteholder giving not less than 15 nor more than 30 days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption including, where applicable, any arrears of interest.

To exercise such option the Noteholder must deposit with any Paying Agent at its specified office a duly completed option exercise notice (the "**Exercise Notice**") in the form obtained from any Paying Agent, within the notice period. In the case of Materialised Bearer Notes, the Exercise Notice shall have attached to it such Notes (together with all unmatured Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Fiscal Agent or the Paris Paying Agent specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred may be withdrawn without the prior consent of the Issuer.

- (e) **Redemption of Inflation Linked Notes:** If so specified in the relevant Final Terms, the Final Redemption Amount in respect of Inflation Linked Notes will be determined by the Calculation Agent on the following basis:

$$\text{Final Redemption Amount} = \text{IIR} \times \text{nominal amount of the Notes}$$

IIR being for the purpose of this Condition the ratio determined on the fifth Business Day before the Maturity Date between (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI

Daily Inflation Reference Index on the Maturity Date and the Base Reference on the date specified in the relevant Final Terms, (ii) if the HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index on the Maturity Date and the Base Reference on the date specified in the relevant Final Terms or (iii) if the US CPI is specified as the Index applicable in the Final Terms, the Change in the US CPI, but where for these purposes the reference to CPI Determination Date in CPI(t) shall be interpreted to be the date falling two Business Days prior to the Maturity Date, and the reference to CPI Determination Date in CPI(t-x) shall be interpreted to be the date falling two Business Days prior to the Issue Date.

If the Final Redemption Amount calculated as set out above is below par, the Notes will be redeemed at par.

(f) Early Redemption:

(i) Zero Coupon Notes:

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, upon redemption of such Note pursuant to Condition 6(g) or Condition 6(j) or upon it becoming due and payable as provided in Condition 9 shall be the Amortised Nominal Amount (calculated as provided below) of such Note.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Nominal Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the relevant Final Terms, shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(g) or Condition 6(j) or upon it becoming due and payable as provided in Condition 9 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Amortised Nominal Amount becomes due and payable were the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(d). Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown in the relevant Final Terms.

(ii) Inflation Linked Notes

- (A) If the relevant Final Terms provides that Condition 6(g)(ii) shall apply in respect of Inflation Linked Notes, the Early Redemption Amount will be determined by the Calculation Agent on the following basis:

“Early Redemption Amount” = IIR x nominal amount of the Notes

“**IIR**” being for the purposes of this Condition the ratio determined on the fifth Business Day before the date set for redemption between (i) if the CPI is specified as the index applicable in the Final Terms, the CPI Daily Inflation Reference Index on the date set for redemption and the Base Reference specified in the relevant Final Terms, (ii) if the HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index on the date set for redemption and the Base Reference specified in the relevant Final Terms or (iii) if the US CPI is specified as the Index applicable in the Final Terms, the Change in the US CPI, but where for these purposes, the reference to CPI Determination Date in CPI(t) shall be interpreted to be the date falling five Business Days prior to the date set for redemption, and the reference to CPI Determination Date in CPI(t-x) shall be interpreted to be the date falling two Business Days prior to the Issue Date.

If the Early Redemption Amount calculated as set out above is below par, the Notes will be redeemed at par.

- (B)** If the Inflation Linked Notes (whether or not Condition 6(g)(ii) applies) fall to be redeemed for whatever reason before the Maturity Date, the Issuer will pay the Early Redemption Amount together with interest accrued to the date set for redemption. Such accrued interest will be calculated by the Calculation Agent in respect of the period from, and including the immediately preceding interest Payment Date or, as the case may be, the Interest Commencement Date to, but excluding, the date set for redemption of such Notes at a rate per annum on the basis of the provisions of Condition 5(c)(iv) above except that, for such purposes the relevant Interest Determination Date shall be the fifth business day prior to the relevant Early Redemption Date.
- (iii) Other Notes: The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) and (ii) above), upon redemption of such Note pursuant to Condition 6(g) or Condition 6(j), or upon it becoming due and payable as provided in Condition 9 shall be the Final Redemption Amount together with interest accrued to the date fixed for redemption (including, where applicable, any arrears of interest).

(g) Redemption for Taxation Reasons

- (i) If, by reason of any change in, or any change in the official application or interpretation of, French law becoming effective after the Issue Date, the Issuer, would on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay Additional Amounts as specified and defined under Condition 8 below, the Issuer may, at its option, on any Interest Payment Date or, if so specified in the relevant Final Terms, at any time, subject to having given not more than 45 nor less than 30 days’ notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest) provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding for such taxes.
- (ii) If the Issuer would on the next payment of principal or interest in respect of the Notes be prevented by French law from making payment to the Noteholders or, if applicable, Couponholders of the full amounts then due and payable, notwithstanding the undertaking to pay Additional Amounts contained in Condition 8 below, then the Issuer, shall forthwith

give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven days' prior notice to the Noteholders in accordance with Condition 15, redeem all, but not some only, of the Notes then outstanding at their Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest) on the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes or, if applicable, Coupons, or, if that date is passed, as soon as practicable thereafter.

- (h) **Purchases:** The Issuer shall have the right at all times to purchase Notes (provided that, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price subject to the applicable laws and regulations. Unless the possibility of holding and reselling is expressly excluded in the relevant Final Terms, all Notes so purchased by the Issuer may be held and resold for the purpose of enhancing the liquidity of the Notes in accordance with Articles L.213-1-A and D.213-1-A of the French *Code monétaire et financier*.
- (i) **Cancellation:** All Notes purchased for cancellation by or on behalf of the Issuer will forthwith be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Bearer Notes, by surrendering the Temporary Global Certificate and the Definitive Materialised Bearer Notes in question together with all unmatured Coupons and all unexchanged Talons to the Fiscal Agent and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.
- (j) **Illegality:** If, by reason of any change in, or any change in the official application of French law becoming effective after the Issue Date, it will become unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes, the Issuer will, subject to having given not more than 45 nor less than 30 days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest).
- (k) **Redemption or repurchase at the option of the Noteholders in case of Change of Control:**

If a Put Option in case of Change of Control (as defined below) is specified in the relevant Final Terms, and if a Put Event (as defined below) occurs, each Noteholder will have the option to require the Issuer to redeem, or procure purchase for, all or part of the Notes held by such Noteholder on the Put Date (as defined below) at their principal amount together with interest accrued up to but excluding such date of redemption or repurchase. Such option (the "**Put Option in case of Change of Control**") shall operate as set out below.

(A) A "**Put Event**" will be deemed to occur if:

- (i) Any person or group of persons acting in concert or any person or persons acting on behalf of any such person(s) (other than a Permitted Holding Company) (the "**Relevant Persons**") (a) acquires directly or indirectly more than 50% of the total voting rights or of the issued ordinary share capital of the Issuer (or any successor entity), (b) acquires directly or indirectly a number of shares in the ordinary share capital of the Issuer carrying more than 40% of the voting rights exercisable in

general meetings of the Issuer and no other shareholder of such entity, directly or indirectly, acting alone or in concert with others, holds a number of shares carrying a percentage of the voting rights exercisable in such general meetings which is higher than the percentage of voting rights attached to the number of shares held directly or indirectly by such Relevant Person(s) (any such event being a "**Change of Control**"); and

- (ii) on the date notified to the Noteholders by the Issuer in accordance with Condition 15 (the "**Relevant Announcement Date**") that is the earlier of (x) the date of the first public announcement of the Change of Control; and (y) the date of the earliest Relevant Potential Change of Control Announcement, either the Notes or the senior unsecured long-term debt of the Issuer carries from any Rating Agency:
 - (x) an investment grade credit rating (Baa3, or equivalent, or better), and such rating from any Rating Agency is, within the Change of Control Period either downgraded to a non-investment grade credit rating (Ba1, or equivalent, or worse) or withdrawn and is not, within the Change of Control Period subsequently (in the case of a downgrade) upgraded or (in the case of a withdrawal) reinstated to an investment grade credit rating by such Rating Agency; or
 - (y) a non-investment grade credit rating (Ba1, or equivalent, or worse), and such rating from any Rating Agency is within the Change of Control Period either downgraded by one or more notches (for illustration, Ba1 to Ba2 being one notch) or withdrawn and is not within the Change of Control Period subsequently (in the case of a downgrade) upgraded or (in the case of a withdrawal) reinstated to its earlier credit rating or better by such Rating Agency;

provided that, for the avoidance of doubt,

1. any such decision of the relevant Rating Agency referred to in (x) or (y) above shall not be deemed to have occurred in respect of a particular Change of Control if such Rating Agency does not publicly announce or confirm that such decision was the result, in whole or in part, of any event or circumstance comprised in or arising as a result of, or in respect of, the applicable Change of Control; and
 2. if at the time of the occurrence of a Change of Control neither the Notes nor the senior unsecured long-term debt of the Issuer is rated by a Rating Agency, and no Rating Agency assigns within the Change of Control Period an investment grade rating to the Notes, a Put Event will be deemed to have occurred.
- (B) Promptly upon the Issuer becoming aware that a Put Event has occurred the Issuer shall give notice (a "**Put Event Notice**") to the Noteholders in accordance with Condition 15 specifying the nature of the Put Event, the circumstances giving rise to it and the procedure for exercising the option contained in this Condition.

in which such Noteholder will specify a bank account to which payment is to be made under this paragraph, within the period (the "**Put Period**") of 45 days after a Put Event Notice is given (except where (i) the Noteholder gives the Issuer written notice of the occurrence of a Put Event of which it is aware and (ii) the Issuer fails to give a Put Event Notice to the Noteholders by close of business of the third Business Day after the receipt of such notice from the Noteholder, in which case the Put Period will start from such third Business Day and will end on the day falling 45 days thereafter).

A Change of Control Put Notice once given shall be irrevocable. The Issuer shall redeem, or procure purchase for, the Notes in respect of which the Put Option in case of Change of Control has been validly exercised as provided above and subject to the transfer of the Notes, on the date which is the fifth Business Day following the end of the Put Period (the "**Put Date**"). Payment in respect of such Notes will be made by transfer to the bank account specified in the Change of Control Put Notice.

All payments validly made to such Euroclear France Account Holders will be an effective discharge of the Issuer in respect of such payments.

(b) **Materialised Bearer Notes:** Payments of principal and interest (including, for the avoidance of doubt, any arrears of interest, where applicable) in respect of Materialised Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Materialised Bearer

- (d) **Payments Subject to Fiscal Laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment but without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Bearer Notes denominated in U.S. Dollars in the circumstances described in paragraph (c) above.

On a redenomination of the Notes of any Series pursuant to Condition 1(e) with a view to consolidating such Notes with one or more other Series of Notes, in accordance with Condition 14, the Issuer shall ensure that the same entity shall be appointed as both Redenomination Agent and

Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 15.

(f) Unmatured Coupons and unexchanged Talons:

- (i) Unless Materialised Bearer Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Materialised Bearer Notes should be surrendered for payment together with all unmaturing Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmaturing Coupon (together, where applicable, with the amount of any arrears of interest corresponding to such Coupon) (or, in the case of payment not being made in full, that proportion of the amount of such missing unmaturing Coupon (together, where applicable, with the amount of any arrears of interest corresponding to such Coupon) that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Amortised Nominal Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 10).
- (ii) If Materialised Bearer Notes so provide, upon the due date for redemption of any such Materialised Bearer Note, unmaturing Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Materialised Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Where any Materialised Bearer Note that provides that the relative unmaturing Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmaturing Coupons, and where any such Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (v) If the due date for redemption of any Materialised Bearer Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, (including, for the avoidance of doubt, any arrears of interest if applicable) shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Bearer Note. Interest accrued on a Materialised Bearer Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Bearer Notes.

(g) Talons: On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 10).

(h) Non-Business Days: If any date for payment in respect of any Note or Coupon is not a business day, the Noteholder shall not be entitled to payment until the next following business day nor to any

interest or other sum in respect of such postponed payment. In this paragraph, "**business day**" means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, (B) on which banks and foreign exchange markets are open for business in such jurisdictions as shall be specified as "**Financial Centres**" in the relevant Final Terms and (C) (i) in the case of a payment in a currency other than euro, where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) in the case of a payment in euro, which is a TARGET Business Day.

- (i) **Payment of US Dollar Equivalent or Euro Equivalent:** Notwithstanding any other provision in these Conditions, if an Inconvertibility, Non-Transferability or Illiquidity occurs or if Renminbi is otherwise not available to the Issuer as a result of circumstances beyond its control and such unavailability has been confirmed by a Renminbi Dealer, following which the Issuer is unable to satisfy payments of principal or interest (in whole or in part) in respect of RMB Notes, the Issuer on giving not less than five nor more than 30-days irrevocable notice to the Noteholders prior to the due date for payment, may settle any such payment (in whole or in part) in US dollars or (if so specified in the relevant Final Terms) in Euro on the due date at the US Dollar Equivalent (or the Euro Equivalent as the case may be) of any such Renminbi denominated amount.

In such event, payments of the US Dollar Equivalent (or Euro Equivalent as the case may be) of the relevant principal or interest in respect of the Notes shall be made by transfer to the U.S. dollar (or Euro) account of the relevant Account Holders for the benefit of the Noteholders. For the avoidance of doubt, no such payment of the US Dollar Equivalent (or Euro Equivalent as the case may be) shall by itself constitute a default in payment within the meaning of Condition 9.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 7(i) by the RMB Rate Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Agents and all Noteholders.

For the purposes of this Condition 7:

"**Euro Equivalent**" means the relevant Renminbi amount converted into Euros using the RMB Spot Rate for the relevant RMB Rate Calculation Date, as calculated by the RMB Rate Calculation Agent.

"**Governmental Authority**" means any *de facto* or *de jure* government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of Hong Kong.

"**Illiquidity**" means that the general Renminbi exchange market in Hong Kong becomes illiquid, other than as a result of an event of Inconvertibility or Non-Transferability, as determined by the Issuer in good faith and in a commercially reasonable manner following consultation with two Renminbi Dealers.

"**Inconvertibility**" means the occurrence of any event that makes it impossible for the Issuer to convert any amount due in respect of RMB Notes in the general Renminbi exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

"Non-Transferability" means the occurrence of any event that makes it impossible for the Issuer to deliver Renminbi between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

"Renminbi Dealer" means an independent foreign exchange dealer of international repute active in the Renminbi exchange market in Hong Kong reasonably selected by the Issuer.

"RMB Rate Calculation Date" means the day which is two RMB Rate Calculation Business Days before the due date for payment of the relevant Renminbi amount under the Conditions.

"RMB Spot Rate" for a RMB Rate Calculation Date means the spot CNY/US dollar exchange rate for the purchase of US dollars with CNY in the over-the-counter CNY exchange market in Hong Kong for settlement on the relevant due date for payment, or as the case may be, the spot CNY/EUR exchange rate for the purchase of Euros with CNY in the over-the-counter CNY exchange market in Hong Kong for settlement on the relevant due date for payment, as determined by the RMB Rate Calculation Agent at or around 11 a.m. (Hong Kong time) on such RMB Rate Calculation Date, on a deliverable basis by reference to Reuters Screen Page TRADNDF. If such rate is not available, the RMB Rate Calculation Agent will determine the RMB Spot Rate at or around 11 a.m. (Hong Kong time) on the RMB Rate Calculation Date as the most recently available CNY/U.S. dollar or as the case may be CNY/EUR official fixing rate for settlement on the relevant due date for payment reported by The State Administration of Foreign Exchange of the PRC, which is reported on the Reuters Screen Page CNY=SAEC. If no CNY/EUR official fixing rate is available on the Reuters Screen Page CNY=SAEC on the RMB Rate Calculation Date, the RMB Rate Calculation Agent will determine the RMB Spot Rate as soon as possible using the latest available CNY/U.S. dollar fixing rate and then the latest U.S. dollar/EUR official fixing rate available on a Reuters Screen Page selected by the RMB Rate Calculation Agent.

Reference to a page on the Reuters Screen means the display page so designated on the Reuter Monitor Money Rates Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

"US Dollar Equivalent" means the relevant Renminbi amount converted into US dollars using the RMB Spot Rate for the relevant RMB Rate Calculation Date, as calculated by the RMB Rate Calculation Agent.

- (b) **Additional amounts:** If applicable law should require that payments of principal or interest made by the Issuer in respect of any Note or Coupon be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever levied by the Republic of France, the Issuer, will, to the fullest extent then permitted by law, pay such additional amounts ("**Additional Amounts**") as shall result in receipt by the Noteholders or, if applicable, the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such Additional Amounts shall be payable with respect to any Note or Coupon, as the case may be:
- (i) **Other connection:** to, or to a third party on behalf of, a Noteholder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with the Republic of France other than the mere holding of the Note or Coupon; or

As used in these Conditions, "**Relevant Date**" in respect of any Note or Coupon means the date on which payment in respect of it first becomes due (and, for the avoidance of doubt, in the case of arrears of interest, references to "**becomes due**" shall be interpreted in accordance with the provisions of Condition 5(g)) or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or, in the case of Materialised Notes (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. In accordance with Article R.228-71 of the French *Code de commerce*, the right of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder as of 0:00, Paris time, on the third business day in Paris preceding the date set for the meeting of the relevant General Meeting.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase the liabilities (*charges*) of the Noteholders, nor establish any unequal treatment between the Noteholders, nor to decide to convert Notes into shares.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least one fifth of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a simple majority of votes cast by Noteholders attending such General Meetings or represented thereat.

In accordance with Article R.228-71 of the French *Code de commerce*, the right of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder as of 0:00, Paris time, on the third business day in Paris preceding the date set for the meeting of the relevant general assembly.

PRESS RELEASE

30th April 2013

SUEZ ENVIRONNEMENT AND LYONNAISE DES EAUX WELCOME THE DECISION TAKEN BY THE EUROPEAN COMMISSION TO END THE INVESTIGATION INTO THE WATER MARKET IN FRANCE

SUEZ ENVIRONNEMENT confirms it was notified by the European Commission on 25 April regarding its decision to end the investigation that was started in April 2010 and formally opened in January 2012, relating in particular to its subsidiary Lyonnaise des Eaux and the water market in France. The Commission took this decision after reviewing documents in the case file.

SUEZ ENVIRONNEMENT and Lyonnaise des Eaux, which always fully contributed to the success of the investigation and cooperated confidently with Commission authorities, welcome this decision. It is in line with the reality of a highly competitive market, marked by more than 800 calls for tender per year, and water prices in France below prices in other European markets.

The Group reiterated its commitment to equilibrium in public water services based on a clear division of roles and responsibilities: a public authority that defines the water policy and sets pricing and the level of investment, and a delegated authority that handles operations and is held accountable, putting its expertise and best practices at the service of local authorities.

PRESS RELEASE

29th April 2013

NEW ENERGY-FROM-WASTE CONTRACT IN THE UNITED KINGDOM

SUEZ ENVIRONNEMENT SUBSIDIARY, SITA UK, SELECTED AS PREFERRED BIDDER FOR WEST LONDON PUBLIC PRIVATE PARTNERSHIP CONTRACT WORTH €1 BILLION

A consortium led by SITA UK, a subsidiary of SUEZ ENVIRONNEMENT, has been selected as preferred bidder for a resource recovery contract worth €1 billion over 25 years with the West London Waste Authority. Total revenues of the contract are €1.9 billion including the management of third party waste and revenues from the sale of electricity. The other consortium members are Lloyds Banking Group and ITOCHU Corporation.

The contract is to manage up to 300,000 tonnes of residual household waste each year from the West London Boroughs of Brent, Ealing, Harrow, Hillingdon, Hounslow and Richmond-upon-Thames. The waste collected from over 1.4 million residents will be managed in a new energy-from-waste facility in Severnside, South Gloucestershire and transported by rail from West London. Compared to the current waste treatment this will save over 83,000 tonnes of CO2 emissions each year, which is more than two million tonnes over the duration of the contract.

SITA UK will take over the operation of two rail-linked waste transfer stations in West London. The new rail-linked energy-from-waste facility, which will be called the Severnside Energy Recovery Centre (SERC), already has planning permission. This facility will produce enough electricity to power the equivalent of approximately 50,000 homes and could also supply hot water to local businesses, further improving its environmental performance.

The total capital investment in the new facility is over €280 million. A total of 53 permanent jobs will be created at SERC with around 200 jobs being created during its construction.

Jean-Louis Chaussade, CEO of SUEZ ENVIRONNEMENT, said: *"Following the Merseyside PFI, this new resource recovery contract illustrates our strong positioning and know-how on energy-from-waste activities. We have a solid track record of delivering new resource management facilities that local authorities need to manage their residual waste. With planning permission already in place for our energy-from-waste facility we look forward to signing the contract and getting on with delivering the infrastructure that is needed to put West London's waste to good use."*

Councillor Bassam Mahfouz, Chair of WLWA, said: *"For too long we in west London have been sending the waste we didn't recycle to pile up in landfills. This new contract means that virtually nothing will be sent to landfill and our waste will be turned into energy, saving the environment, and saving each borough money. We have also built in that we want to continue increasing recycling, which is already amongst the highest in London."*

SUEZ ENVIRONNEMENT, through its subsidiary SITA UK, has developed a number of PPP (Public Private Partnership) contracts across the UK including: Surrey, South Gloucestershire, Kirklees, Cornwall, Northumberland, Aberdeen, the Isle of Man and Teesside. In April 2013, SITA UK and Cornwall Council agreed on a PFI contract variation worth €1.3 billion of revenue and in the same month, a SITA UK led consortium was selected as preferred bidder for a €1.4 billion contract with the Merseyside Recycling and Waste Authority.

In the waste sector, this type of partnership was developed to allow British local authorities to develop alternative waste management facilities to landfill.

PRESS RELEASE

22 April 2013

1st QUARTER 2013

STABLE OPERATING PERFORMANCE IN A DIFFICULT ECONOMIC CONTEXT IN EUROPE

- Revenue: down at C3 497m, -2.6%
- EBITDA: C570m, +0.8%
- EBITDA margin: 16.3%, up compared to Q1 2012 (15.8%)

In M€	31 March 2012	31 March 2013	Gross change	Organic change	Change in scope
Revenue	3,591	3,497	-2.6%	-2.6%	+0.2%
EBITDA	566	570	+0.8%	0.0%	+0.5%
EBITDA/Revenue	15.8%	16.3%			

▪ For the 1st quarter of 2013, SUEZ ENVIRONNEMENT reported revenues down by -2.6% at C3,497m, or stable excluding the impact of Melbourne plant construction completion in December 2012. The Water Europe and International divisions reported organic growth, respectively +3.4% and +5.0% (excluding the Melbourne plant completion). The Waste Europe division is down by -5.3% linked to a reduction of the treated volumes. SUEZ ENVIRONNEMENT continues its commercial development with the gain of contracts such as Merseyside (United Kingdom), Poznań (Poland), Tours (France) in waste, Rhône Ventoux (France) in water, or finally New Delhi (India).

▪ EBITDA stands at C570m, up +0.8% or stable in organic terms. Despite a difficult macro-economic context in Europe, the EBITDA margin stands at 16.3%, improving versus Q1 2012. This operating performance confirms the relevance of the strategic choices made by the Group, both in terms of business model and cost reductions already achieved and further strengthened since the second half of 2012.

▪ The Group's net financial debt (NFD) stands at C7,616m. It includes negative marked-to-market and forex effects. In Q1, the NFD/EBITDA ratio is in line with the objective of around 3 times.

▪ Commenting on the first quarter 2013 results, Jean-Louis Chaussade, Chief Executive Officer, stated: "Our Group's performance remains good despite an economic context that is particularly difficult in Europe in the beginning of 2013. This is the result, on one hand, of an optimized management of our assets with a further reinforced cost control and, on the other hand, the relevance of our strategic choices, with the development of four priorities axes for growth, which are smart water, waste recovery, international development and industrial water.

The Water Europe business has increased thanks to contract gains and renewals, and the steady development of new business activity. International Division maintains a dynamic growth in Asia and Australia. However, Waste Europe Division has been affected by a decrease in treated volumes, a direct consequence of the decline of industrial production in Europe.

SUEZ ENVIRONNEMENT pursues its target to improve its operational performance on a constant basis, while preparing the Group for the future: the growth of the Group is based on long-term drivers, high-quality assets, and a clearly defined development strategy."

On March 31st, 2013, **SUEZ ENVIRONNEMENT** reported revenues of €3,497m, a gross change of -2.6% (-€95m) overall compared with March 31st, 2012. This breaks down as follows:

■ **Organic variation of -2.6% (-€93m):**

- Revenue in the Water Europe division was up (+€34m, +3.4%) for both Lyonnaise des Eaux and Agbar, benefiting from rising prices, and the development of new business activities.
- Revenue in the Waste Europe division was down (-€89m, -5.3%). It was affected by a drop in the treated waste volumes and a fall of secondary raw material prices.
- Revenue in the International division was down (-€38m, -4.1%) but up +5.0% excluding the impact of Melbourne plant construction completion in December 2012.

■ **Scope effect of +0.2% (+€9m):**

- Water Europe: -€4m
- Waste Europe: +€15m
- International: -€2m

■ **Unfavourable exchange rate impact of -0.3% (-€11m)**, mainly due to the depreciation of the Australian dollar (-€7m) and the pound sterling (-€4m) against the euro.

■ In the first quarter of 2013, SUEZ ENVIRONNEMENT posted 30% of its revenue outside Europe.

■ **SUEZ ENVIRONNEMENT maintains its objectives⁴, and remains fully mobilized to achieve its 2013 guidance**

PERFORMANCE BY DIVISION

WATER EUROPE

In MC	31 March 2012	31 March 2013	Gross change	Organic change	Change in scope
Revenue	1,008	1,041	+3.3%	+3.4%	-0.4%

The Water Europe division posted organic growth of +3.4% (+€34m).

▪ **Lyonnaise des Eaux grew organically by +4.3% (+C21m).**

In France, growth was driven by a positive price effect with the rise in price indices, the development of the new businesses and the increase of works activities. Volumes were down, in line with the expected trend. During Q1, the Group won wastewater contracts of Douai (€73m, 11 years), Orange (€17m, 12 years) and Rhône Ventoux (€152m, 12 years for water and 8 years for wastewater).

▪ **Agbar grew organically by +2.6% (+C13m).**

Business is up, with favorable price impacts in Spain and Chile. However, volumes are down in Chile, as a result of the historical levels of rainfall seen in Q1 2013. Volumes are also down in Spain. Moreover, Agbar continues to develop its technologies and services business, with contracts gains in Madrid or Valencia.

WASTE EUROPE

In MC	31 March 2012	31 March 2013	Gross change	Organic change	Change in scope
Revenue	1,658	1,583	-4.6%	-5.3%	+0.9%

During the 1st quarter of 2013, the Waste Europe division was down by **-5.3% (-C89m)** in organic terms. It was affected first by a negative volume effect result of a particularly difficult macro-economic environment, adverse weather conditions, and a negative "working days" effect, as well as by a negative commodities price effect.

▪ **SITA France posted an organic variation of -6.3% (-C57m).**

This reduction came essentially from the sorting and recycling business, with the fall in secondary raw material prices. Services and other treatment activities were also down. During the quarter, SITA won collection contracts of Reims (€5m, 3 years) and Dreux (€12m, 6 years) and renewed the contract of Tours (€20m, 4 years),

▪ **The United Kingdom/Scandinavia zone grew organically by +1.3% (+C4m).**

In the UK, treatment activities were up thanks to the optimization of Newcastle EfW plant. Moreover, the construction of energy from waste units in Suffolk and South Tyne & Wear (PFI contracts⁵) is on schedule; they will be operational in 2014. Elimination is also up, benefiting from a positive price effect with landfill tax rise. SITA UK has signed the treatment contract of Durham (€130m, 8 years) and the Cornwall revision contract (€1.4 billion, 30 years). SITA UK has also just been selected as the preferred bidder for a 30-year contract worth €1.4 billion from the Merseyside Recycling and Waste Authority in the UK.

▪ **The Benelux/Germany zone posted an organic variation of -9.7% (-C39m).**

This slowdown essentially came from Services affected by lower volumes. Sorting and recycling is also down, due to negative price and volume effects. However, the energy recovery business was up thanks to strong volumes. In Belgium, SITA was awarded municipal contracts in Schaerbeek and Stad Turnhout, and industrial contracts with Total and Goodyear.

▪ **The Central Europe zone reported organic growth of +6.2% (+C3m).**

Growth came from Services in Poland and the Czech Republic, which account for the main part of revenue in this zone. During the quarter, SITA signed the construction and operation contract for an energy from waste plant in Poznań, the largest tender for a public-private partnership ever made in Poland (€850m, 25 years).

⁵ Private Finance Initiative

INTERNATIONAL

In MC	31 March 2012	31 March 2013	Gross change	Organic change	Change in scope
Revenue	923	870	-5.7%	-4.1%	-0.2%

The International division was organically down by -4.1% (-€38m) or +5.0% excluding the impact of the completion of the construction of Melbourne plant.

▪ **Asia-Pacific posted organic growth of +8, 0% (+C24m)** sustained by growth in Australia thanks to positive price effects in the waste business , and in China, in both activities with strong growth in volumes. In China, the Group won two management and development contracts for three waste transfer stations in Hong Kong (€220m, 10 years).

▪ **Africa/Middle East experienced an organic slowdown of -2.8% (-C4m).**

This downturn came mainly from a decline in volumes in Morocco following adverse weather conditions.

▪ **North America posted organic growth of +0.1%.**

The regulated activities of United Water benefited from price increases obtained in particular in New York and Idaho. However, the business was impacted by lower volumes. Non-regulated activities remain stable.

▪ **Degrémont posted growth of +8.5%**, excluding the impact of the Melbourne contract completed in December 2012. This growth comes from the development of the industrial client basis and from municipal activities in Middle East, India and Australia. Over the quarter, Degrémont signed notably two contracts in India for the design, construction and operation of wastewater treatment plants (€41m), and four wastewater treatment renovation contracts in Africa (€40m), which demonstrates dynamic business activity.

PRESS RELEASE

April 11, 2013

SITA UK, SUBSIDIARY OF SUEZ ENVIRONNEMENT, AGREES PFI CONTRACT VARIATION WITH CORNWALL COUNCIL IN THE UNITED KINGDOM

SITA UK, a subsidiary of SUEZ ENVIRONNEMENT, and Cornwall Council have agreed a 30-year Private Finance Initiative (PFI) contract variation to manage residual household waste and recycling worth €1.4billion of revenue*.

The 30-year integrated waste management contract between SITA UK and Cornwall Council was originally signed in October 2006. However, following delays in getting planning permission to build an energy-from-waste facility a contract variation was required**.

The contract is to manage the treatment and disposal of all of Cornwall Council's household waste. Key to the contract is the design, build, finance and operation of an energy-from-waste facility in St Dennis with a capacity of up to 240,000 tonnes per year, which will generate electricity for the equivalent of around 21,000 homes.

This facility, which has planning permission and an Environmental Permit, is expected to be operational in 2016. The county's residual waste is currently taken to Connon Bridge landfill site, near Liskeard.

Over the past six years, the contract has yielded many benefits to local residents and the environment with €30million invested in improving waste and recycling facilities across Cornwall. These have included upgrading works to a number of household waste recycling centres and the construction of new centres in St Austell, Bude, St Erth, Falmouth and Launceston, along with new waste transfer stations at Connon Bridge, St Erth, Launceston and Pool.

Jean-Louis Chaussade, CEO of SUEZ ENVIRONNEMENT, said: *"This is a significant PFI contract for SUEZ ENVIRONNEMENT and SITA UK. Building on a strong performance in the delivery of the first six years of this contract we now have a clear path to proceed with the delivery of the much needed Cornwall Energy Recovery Centre which will reduce the county's reliance on landfill and create energy by putting residual waste to good use."*

A spokesman for Cornwall Council said: *"The signing of the revised project plan provides long term security for the management of Cornwall's waste. At the centre of the plan is the establishment of the new Energy Recovery Centre. This facility, which is expected to become operational in 2016, will generate enough electricity to supply 21,000 homes in Cornwall."*

Funding for SITA Cornwall will be provided by The European Investment Bank (EIB), Bank of Tokyo-Mitsubishi, Mizuho Corporate Bank and Helaba. SITA UK, Itochu and Lloyds will provide equity.

SITA UK has developed a number of PPP (Public Private Partnership) contracts across the UK including Kirklees, Northumberland, the Isle of Man and Teesside. In October 2010, SITA UK signed a PFI contract with Suffolk County Council and in 2011 signed a PFI

contract with the South Tyne and Wear Waste Management Partnership. Both contracts involve revenues in excess of €1.2billion when electricity and third party waste gate fee revenues are taken into account. In the waste sector, this type of partnership was developed to allow British local authorities to develop waste management facilities to replace landfill.

* * *

Notes to Editors:

*Once third party waste and electricity revenues are taken into account, total project revenues are expected to reach €1.6billion over the life of the project.

The Net Present Value of cost for the Authority on a comparable basis has only increased by 1.6% from €502million to €510million, despite the significant additional costs caused by repeated challenges to the planning permission.

****SITA UK/Cornwall Council contract background:**

SITA Cornwall's planning application for the Cornwall Energy Recovery Centre was refused permission by Cornwall County Council in March 2009. However, as instructed by the Council, SITA Cornwall submitted an appeal to the Planning Inspectorate. On 20 May 2011, SITA Cornwall received notification from the Secretary of State, Eric Pickles MP, that he had granted planning permission for the Cornwall Energy Recovery Centre.

Local opponents to the Cornwall Energy Recovery Centre launched a challenge against the decision of the Secretary of State and their S288 appeal was upheld by the High Court in October 2011.

The Secretary of State then appealed that High Court judgment. On 29 March 2012, the Court of Appeal allowed the Secretary of State's appeal and confirmed the validity of the Secretary of State's decision to grant planning permission for the Cornwall Energy Recovery Centre.

Due to these delays in obtaining planning permission, SITA UK went back out to the market to identify and negotiate with potential investors.

TAXATION

The following is a general description of certain tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in France or elsewhere. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries. This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date.

European Union

On 3 June 2003, the European Council of Economics and Finance Ministers adopted Directive 2003/48/EC on the taxation of savings income (the "**Savings Directive**"). Pursuant to the Savings Directive, Member States are required, since 1 July 2005, to provide to the tax authorities of another Member State, inter alia, details of payments of interest within the meaning of the Savings Directive (interest, premium or other debt income) made by a paying agent located within its jurisdiction to, or for the benefit of, an individual resident in that other Member State or to certain "residual" entities established in that other Member State (the "**Disclosure of Information Method**").

For these purposes, the term "**paying agent**" is defined widely and includes in particular any economic operator who is responsible for making interest payments, within the meaning of the Savings Directive, for the immediate benefit of individuals.

However, throughout a transitional period, certain Member States (the Grand-Duchy of Luxembourg and Austria), instead of using the Disclosure of Information Method used by other Member States, unless the relevant beneficial owner elects for the Disclosure of Information Method, withhold an amount on interest payments. The rate of such withholding tax equals 35 per cent.

Such transitional period will end at the end of the first full fiscal year following the later of (i) the date of entry into force of an agreement between the European Community, following a unanimous decision of the European Council, and the last of Switzerland, Liechtenstein, San Marino, Monaco and Andorra, providing for the exchange of information upon request as defined in the OECD Model Agreement on Exchange of Information on Tax Matters released on 18 April 2002 (the "**OECD Model Agreement**") with respect to interest payments within the meaning of the Savings Directive, in addition to the simultaneous application by those same countries of a withholding tax on such payments at the rate applicable for the corresponding periods mentioned above and (ii) the date on which the European Council unanimously agrees that the United States of America is committed to exchange of information upon request as defined in the OECD Model Agreement with respect to interest payments within the meaning of the Savings Directive.

A number of non-EU countries and dependent or associated territories including Switzerland have agreed to adopt similar measures (transitional withholding or exchange of information) with effect since 1 July 2005.

The European Commission has proposed certain amendments to the Savings Directive, which may, if implemented, amend or broaden the scope of the requirements described above.

France

Savings Directive

The Savings Directive was implemented into French law under Article 242 *ter* of the French tax code, which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State,

including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

Withholding tax

The following is a summary limited to certain withholding tax considerations in France which are relevant for Noteholders who do not concurrently hold shares of the Issuer.

Notes which are not consolidated (assimilables for the purposes of French law) and do not form a single series with Notes issued before 1 March 2010

Following the introduction of the French *loi de finances rectificative pour 2009 n°3* (n° 2009-1674 dated 30 December 2009) (the "**Law**"), payments of interest and other revenues made by the Issuer with respect to Notes (other than Notes (as described below) which are consolidated (*assimilables* for the purpose of French law) and form a single series with Notes issued prior to 1 March 2010 having the benefit of Article 131 *quater* of the *Code général des impôts*) will not be subject to the withholding tax set out under Article 125 A III of the *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the *Code général des impôts* (a "**Non-Cooperative State**"). If such payments under the Notes are made in a Non-Cooperative State, a 75 per cent. withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of any applicable double tax treaty) by virtue of Article 125 A III of the *Code général des impôts*.

Furthermore, according to Article 238 A of the *Code général des impôts*, interest and other revenues on such Notes will no longer be deductible from the Issuer's taxable income, if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid in such a Non-Cooperative State (the "**Deductibility Exclusion**"). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Article 109 of the *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* of the *Code général des impôts*, at a rate of 30 per cent. or 75 per cent, subject to the more favourable provisions of an applicable double tax treaty, if any.

Notwithstanding the foregoing, the Law provides that neither the 75 per cent. withholding tax set out under Article 125 A III of the *Code général des impôts* nor the Deductibility Exclusion will apply in respect of a particular issue of Notes if the relevant Issuer can prove that the principal purpose and effect of such issue of Notes was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the "**Exception**"). Pursuant to the regulations BOI-INT-DG-20-50-20120912, no. 990, BOI-RPPM-RCM-30-10-20-50-20120912, no. 70, BOI-INT-DG-20-50-20120912 no. 550, BOI-ANNX-000366-20120912, no. 90, and BOI-ANNX-000364-20120912, no. 20, an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of Notes, if such Notes are:

- (i) offered by means of a public offer within the meaning of Article L.411.1 of the *Code monétaire et financier* or pursuant to an equivalent offer in a State other than a Non-Cooperative State. For this purpose, an "equivalent offer" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- (ii) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or

- (iii) admitted, at the time of their issue, to the clearing operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Notes which are consolidated (assimilables for the purposes of French law) and form a single series with Notes issued before 1 March 2010

Payments of interest and other revenues with respect to Notes which are consolidated (*assimilables* for the purpose of French law) and form a single series with Notes issued before 1 March 2010 with the benefit of Article 131 *quater* of the *Code général des impôts* will be exempt from the withholding tax set out under Article 125 A III of the *Code général des impôts*.

Notes issued before 1 March 2010, whether denominated in Euro or in any other currency, and constituting *obligations* under French law, or *titres de créances négociables* within the meaning of regulations BOI-RPPM-RCM-30-10-30-30-20120912 or other debt securities issued under French or foreign law and considered by the French tax authorities as falling into similar categories, are deemed to be issued outside the Republic of France for the purpose of Article 131 *quater* of the *Code général des impôts*, in accordance with the above mentioned regulations.

In addition, interest and other revenues paid by the relevant Issuer on Notes issued from 1 March 2010 and which are to be consolidated (*assimilables* for the purpose of French law) and form a single series with Notes issued before 1 March 2010 will not be subject to the Deductibility Exclusion, and hence will not be subject to the withholding tax set out in Article 119 *bis* of the *Code général des impôts* solely on account of their being paid in a Non-Cooperative State or accrued or paid to persons established or domiciled in a Non-Cooperative State.

Payments to French resident individuals

Pursuant to Article 9 of the 2013 French Finance Law (*loi n°2012-1509 du 29 décembre 2012 de finances pour 2013*) subject to certain limited exceptions, interest and similar income received from 1 January 2013 by French tax resident individuals are subject to a 24 per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding tax at an aggregate rate of 15.5 per cent. on interest and similar income paid to French tax resident individuals.

Luxembourg

The following is a general description of certain tax laws relating to the Notes as in effect and as applied by the relevant tax authorities as at the date hereof and does not purport to be a comprehensive discussion of the tax treatment of the Notes.

Prospective investors should consult their own professional advisers on the implications of making an investment in, holding or disposing of Notes and the receipt of interest with respect to such Notes under the laws of the countries in which they may be liable to taxation.

Withholding tax

Under Luxembourg tax law currently in effect and with the possible exception of interest paid to certain individual Noteholders and certain residual entities, there is no Luxembourg withholding tax on payments of interest (including accrued but unpaid interest). There is also no Luxembourg withholding tax, with the possible exception of payments made to certain individual Noteholders and certain residual entities, upon repayment of principal in case of reimbursement, redemption, repurchase or exchange of the Notes.

Luxembourg non-resident individuals

Under the Luxembourg laws dated 21 June 2005 (the “**Laws**”) implementing the European Council Directive 2003/48/EC on the taxation of savings income (the “**Savings Directive**”) and several agreements concluded between Luxembourg and certain dependent or associated territories of the European Union (“**EU**”), a Luxembourg based paying agent (within the meaning of the Laws) is required since 1 July 2005 to withhold tax on interest and other similar income paid by it to (or under certain circumstances, to the benefit of) an individual or and certain residual entities resident or established in another Member State or in certain EU dependent or associated territories, unless the beneficiary of the interest payments elects for the procedure of exchange of information or, in case of an individual beneficiary, for the tax certificate procedure. Residual entities within the meaning of Article 4.2 of the Savings Directive are entities established in a Member State or in certain EU dependent or associated territories which are not legal persons (the Finnish and Swedish companies listed in Article 4.5 of the Savings Directive are not considered as legal persons for this purpose), whose profits are not taxed under the general arrangements for the business taxation, that are not and have not opted to be treated UCITS recognised in accordance with the Council Directive 85/611/EEC, as replaced by the Council Directive 2009/65/EC, or similar collective investment funds located in Jersey, Guernsey, the Isle of Man, the Turks and Caicos Islands, the Cayman Islands, Montserrat or the British Virgin Islands.

The current withholding tax rate is 35 per cent.. The withholding tax system will only apply during a transitional period, the ending of which depends on the conclusion of certain agreements relating to information exchange with certain third countries.

Luxembourg resident individuals

Interest payments made by Luxembourg paying agents (defined in the same way as in the Savings Directive) to Luxembourg individual residents or to certain residual entities that secure interest payments on behalf of such individuals (unless such entities have opted either to be treated as UCITS recognised in accordance with the Council Directive 85/611/EEC, as replaced by the Council Directive 2009/65/EC, or for the exchange of information regime) are subject to a 10 per cent. withholding tax.

Hong Kong

The statements below regarding taxation are based on the law and practice of Hong Kong at the date of this Base Prospectus and are subject to any subsequent changes in law or practice (which could be made on a retrospective basis). The following statements do not purport to be a comprehensive description of all of the tax considerations that may be relevant to a decision to purchase, own or dispose of the Notes and may not apply equally to all persons. Prospective purchasers of the Notes are advised to consult their own tax advisers concerning the tax consequences of their ownership of the Notes.

Withholding Tax

No withholding tax is payable in Hong Kong in respect of payments of principal or interest on the Notes or in respect of any capital gains arising from the sale of the Notes.

Profits Tax

Hong Kong profits tax is chargeable on every person carrying on a trade, profession or business in Hong Kong in respect of profits arising in or derived from Hong Kong from such trade, profession or business (excluding profits arising from the sale of capital assets).

Under the Inland Revenue Ordinance (Cap. 112) of Hong Kong, as it is currently applied by the Inland Revenue Department, interest on the Notes may be deemed to be profits arising in or derived from Hong Kong from a trade, profession or business carried on in Hong Kong in the following circumstances:

- (i) interest on the Notes is derived from Hong Kong and is received by or accrues to a company, carrying on a trade, profession or business in Hong Kong; or
- (ii) interest on the Notes is derived from Hong Kong and is received by or accrues to a person, other than a company, carrying on a trade, profession or business in Hong Kong and is in respect of the funds of that trade, profession or business; or
- (iii) interest on the Notes is received by or accrues to a financial institution (as defined in the Inland Revenue Ordinance) and arises through or from the carrying on by the financial institution of its business in Hong Kong.

Sums received by or accrued to a financial institution by way of gains or profits arising through or from the carrying on by the financial institution of its business in Hong Kong from the sale, disposal or redemption of Notes will be subject to profits tax.

Sums derived from the sale, disposal or redemption of Bearer Notes will be subject to Hong Kong profits tax where received by or accrued to a person, other than a financial institution, who carries on a trade, profession or business in Hong Kong and the sum has a Hong Kong source. Similarly, such sums in respect of Registered Notes received by or accrued to either the aforementioned person and/or a financial institution will be subject to Hong Kong profits tax if such sums have a Hong Kong source.

The source of such sums will generally be determined by having regard to the manner in which the Notes are acquired and disposed.

Stamp Duty

Stamp duty will not be payable on the issue of Bearer Notes provided either:

- (i) such Bearer Notes are denominated in a currency other than the currency of Hong Kong and are not repayable in any circumstances in the currency of Hong Kong; or
- (ii) such Bearer Notes constitute loan capital (as defined in the Stamp Duty Ordinance (Cap. 117) of Hong Kong).

If stamp duty is payable, it is payable by the Issuer on issue of Bearer Notes at a rate of 3 per cent. of the market value of the Notes at the time of issue.

No stamp duty will be payable on any subsequent transfer of Bearer Notes.

No stamp duty is payable on the issue of Registered Notes. Stamp duty may be payable on any transfer of Registered Notes if the relevant transfer is required to be registered in Hong Kong. Stamp duty will, however, not be payable on any transfers of Registered Notes provided that either:

- (i) the Registered Notes are denominated in a currency other than the currency of Hong Kong and are not repayable in any circumstances in the currency of Hong Kong; or
- (ii) the Registered Notes constitute loan capital (as defined in the Stamp Duty Ordinance (Cap. 117) of Hong Kong).

If stamp duty is payable in respect of the transfer of Registered Notes it will be payable at the rate of 0.2 per cent. (of which 0.1 per cent. is payable by the seller and 0.1 per cent. is payable by the purchaser) normally by reference to the value of the consideration. If, in the case of either the sale or purchase of such Registered Notes, stamp duty is not paid, both the seller and the purchaser may be liable jointly and severally to pay any unpaid stamp duty and also any penalties for late payment. If stamp duty is not paid on or before the due date

(two days after the sale or purchase if effected in Hong Kong or 30 days if effected elsewhere) a penalty of up to 10 times the duty payable may be imposed. In addition, stamp duty is payable at the fixed rate of HKD5 on each instrument of transfer executed in relation to any transfer of the Registered Notes if the relevant transfer is required to be registered in Hong Kong.

Estate Duty

No estate duty will be payable in respect of Bearer Notes and Registered Notes in Hong Kong.

People's Republic of China (the "PRC")

Under the PRC Enterprise Income Tax Law which was promulgated by the National People's Congress of the PRC on 16 March 2007 and became effective on 1 January 2008, an enterprise established in the PRC or in a foreign country with a "de facto management body" located within the PRC is considered a "PRC tax resident enterprise" and will normally be subject to the enterprise income tax at the rate of 25% for its worldwide income.

Under the PRC Enterprise Income Tax Law and PRC Individual Income Tax Law (which was promulgated by the Standing Committee of National People's Congress of the PRC on 30 June 2011 and became effective on the same date), if the Issuer is considered to be a PRC tax resident enterprise, interest payable to non-resident Noteholders and gains from transfer of Notes realised by such non-resident Noteholders may be regarded as income from sources within the PRC and therefore be subject to a 10% enterprise income tax if the Noteholder is a non-resident enterprise, or 20% individual income tax if the Noteholder is a non-resident individual, both to be withheld by the Issuer from the interest payments thereto. To the extent that the PRC has entered into arrangements relating to the avoidance of double-taxation with any jurisdiction, such as France, Hong Kong and Singapore, that allow a lower rate of withholding tax, such lower rate may apply to Noteholders who qualify for such treaty benefits.

If the Issuer is not considered a PRC tax resident enterprise, the holders of Notes who are not PRC residents for PRC tax purposes will not be subject to withholding tax, income tax or any other taxes or duties imposed by any governmental authority in the PRC in respect of Notes or any repayment of principal and payment of interest made thereon.

SUBSCRIPTION AND SALE

Overview of Dealer Agreement

Subject to the terms and on the conditions contained in an amended and restated dealer agreement dated 22 May 2013 (the "**Dealer Agreement**") between the Issuer, the Permanent Dealers and the Arranger, the Notes will be offered on a continuous basis to the Permanent Dealers. However, the Issuer has reserved the right to issue Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be placed by the Issuer through the Dealers, acting as agents of such Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuer has agreed to reimburse the Arranger for certain of its expenses incurred in connection with the establishment of the Programme and the Dealers for certain of their activities in connection with the Programme.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

Selling Restrictions

United States

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**"), or with any securities regulatory authority of any state or other jurisdiction of the U.S., and may not be offered or sold within the United States, or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S under the Securities Act (**Regulation S**) or pursuant to an exempt from the registration requirements of the Securities Act and in compliance with any applicable state securities laws. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act ("**Regulation S**").

Materialised Bearer Notes are bearer notes under U.S. tax law which are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions, or to a United States person except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder.

Each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that, except as permitted by the Dealer Agreement, it will not offer, sell or, in the case of Materialised Bearer Notes, deliver Notes of any Tranche, (i) as part of its distribution at any time or (ii) otherwise until 40 days after completion of the distribution of such Tranche as determined, and certified to the Issuer, by the Fiscal Agent, or in the case of Notes issued on a syndicated basis, the Lead Manager, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each Dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting out the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in the preceding sentence have the meanings given to them by Regulation S. Furthermore, each Dealer has represented and agreed that neither it, its affiliates, nor any persons acting on any of their behalf, has engaged or will engage in any "directed selling efforts" (as defined in Rule 902(c) of Regulation S) with respect to the Notes and each of the foregoing persons has complied and will comply with the offering restrictions requirements of Regulations S.

The Notes are being offered and sold outside the United States to non-U.S. persons in compliance with Regulation S and U.S. tax law.

In addition, until 40 days after the commencement of the offering of any Tranche of Notes, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

This Base Prospectus has been prepared by the Issuer for use in connection with the offer and sale of the Notes outside the United States. The Issuer and the Dealers reserve the right to reject any offer to purchase the Notes, in whole or in part, for any reason. This Base Prospectus does not constitute an offer to any person in the United States or to any U.S. person. Distribution of this Base Prospectus by any non-U.S. person outside the United States or to any other person within the United States, other than those persons, if any, retained to advise such non-U.S. person with respect thereto, is unauthorised and any disclosure without the prior written consent of the Issuer or any of its contents to any such U.S. person or other person within the United States, other than those persons, if any, retained to advise such non-U.S. person, is prohibited.

- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and

The Issuer does not represent that this Base Prospectus or any Final Terms may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in the PRC, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering.
