SUEZ ENVIRONNEMENT LAUNCHES SHARING, ITS FIRST WORLDWIDE EMPLOYEE SHAREHOLDING PLAN RESERVED FOR GROUP EMPLOYEES

SUEZ ENVIRONNEMENT is launching SHARING, its first employee shareholding plan for its workforce in France and around the world. SHARING 2011 is open to nearly 76,000 employees in 19 countries: Germany, Belgium, Chile, China, United Arab Emirates, Spain, United States, Finland, France, Czech Republic, Hong Kong, Indonesia, Luxembourg, Morocco, Netherlands, Poland, United Kingdom, Sweden and Switzerland.

This initial share subscription offer is in line with the Group's policy to develop employee shareholding. It reinforces the existing link between SUEZ ENVIRONNEMENT and its employees by offering them the ability to share more directly in the Group's performance and growth.

According to Jean Louis Chaussade, CEO of SUEZ ENVIRONNEMENT:

"Three years after SUEZ ENVIRONNEMENT's stock market flotation, this is a new symbolic and ambitious step for our Group. We wanted to make this offer as wide as possible and accessible to the largest number of our people. This plan demonstrates the confidence we place in the economic model of SUEZ ENVIRONNEMENT and in the prospects of water and waste markets, and our desire to make our employees partners in the success of SUEZ ENVIRONNEMENT."

The details of this operation are available at: www.suez-environnement.com

The details of this plan are described below :

Issuer

The shares are eligible for the SRD (*Service de Règlement Différé* - deferred settlement system)

The 2011 SHARING plan

SUEZ ENVIRONNEMENT is offering its employees two share investment formulae under the 2011 SHARING plan:

- The “classic” formula with discount and an employer contribution, in which the subscriber is exposed to fluctuations in share price. In France, employees will receive an employer contribution as part of the savings plan. Outside France the employer contribution is made in the form of bonus shares; as an alternative, in the United Kingdom a Share Incentive Plan (SIP) is being implemented;
- The “multiple” formula (via a swap agreement with a structuring bank) under which the subscriber at maturity receives at least the amount of his/her personal contribution in euro - plus a guaranteed return or a multiple of the performance of SUEZ ENVIRONNEMENT shares, whichever is greater. In the United States and Sweden, the multiple formula has been adapted to satisfy local laws and operates through an alternative mechanism known as “stock appreciation rights”.

The shares are subscribed by prospective shareholders either directly, or through an FCPE (*fonds commun de placement d'entreprise* - company shareholding fund), depending on the country of residence.

Under all these formulae (excluding the SIP) the subscription price will be equal to 80% of the average opening price of SUEZ ENVIRONNEMENT shares on the NYSE Euronext Paris market, over the 20 trading days immediately preceding the date that the subscription price is set.

Securities offered

The maximum number of securities that may be subscribed or allocated as part of this offer is 10 million (pursuant to Resolutions 24 and 26 of the General Meeting of 20 May 2010 and Resolution 16 of the General Meeting of 19 May 2011). Shareholders will enjoy rights to dividends on the newly created shares from 1 January 2011 (or, for shares allocated as bonus shares outside France, on 1 January of the year preceding the year in which they are delivered).

If the total demand for shares exceeds the ceiling of 10 million shares, all subscription requests for a number of shares less than or equal to the average demand will be served in full, whereas subscription requests for a number of shares greater than the average demand will be reduced in such a way as to prevent the total number issued from exceeding the ceiling. Share requests under the SIP may also be reduced correspondingly.

Furthermore, subscriptions by employees in France will be limited to 7 million shares. If demand exceeds this ceiling, the same reduction formula will be applied for French subscribers as for the overall ceiling.

In order to limit the dilutive impact of this transaction on existing SUEZ ENVIRONNEMENT shareholders, the Company intends to cancel treasury shares prior to completing the offer. If the offer is fully subscribed at 10 million shares, the Company intends to cancel 8.4 million treasury shares.

Subscription terms and conditions

The beneficiaries of this shareholding plan are the employees of the Company and of the companies that belong to the SUEZ ENVIRONNEMENT Group Savings Plan or SUEZ ENVIRONNEMENT Group International Savings Plan, whose registered offices are located in one of the nineteen countries listed above.

The beneficiaries are employees, corporate officers who satisfy the terms of Article L. 3332-2 of the French Labour Code and, where permitted, retirees who have kept assets in the SUEZ ENVIRONNEMENT Group Savings Plan, provided that they have been in service for at least three months on the last day of the subscription/retraction period, which is 11 November 2011 (excluding the SIP).

The individual investment limit is 25% of gross annual pay. Additionally, a €2,500 investment ceiling applies to the “multiple” formula.

Subscribers of the offer must keep the shares that they have subscribed directly or as units in an FCPE until 8 December 2016 (inclusive), except for certain permitted early exit events.

Holders of FCPE units will exercise their voting rights at SUEZ ENVIRONNEMENT shareholders’ general meetings through the Supervisory Board of their FCPE.
