PRESS RELEASE

22 July 2014

SUEZ ENVIRONNEMENT CLOSES WITH SUCCESS ITS SECOND GLOBAL EMPLOYEE SHAREHOLDING OFFER, "SHARING 2014"

On 25 April this year, SUEZ ENVIRONNEMENT launched its second shareholding plan "SHARING 2014", reserved to Group employees in France and across the world. This plan, which has been successfully completed, demonstrates the employees' belief in the future of their company and will develop the share capital of the Group.

SHARING 2014 was subscribed to by 16,519 employees of the Group in 22 countries (Belgium, Brazil, Chile, China, Czech Republic, Finland, France, Germany, Hong Kong, India, Italy, Luxembourg, Macao, Morocco, Netherlands, Poland, Slovakia, Spain, Sweden, Switzerland, United Kingdom and United States).

This amounts to almost 22% of employees who participated in the offer under preferential terms, representing an employee contribution of €20 million.

The average amount of participation is identical to that for the SHARING 2011 plan, thereby demonstrating the employees' belief in the future of their Group.

By the end of this plan, a total of 8 million new shares¹ will have been issued by the Company.

Employee shareholding in the company's capital is a source of stability. Following this second SHARING plan in 2014, it has doubled, increasing from 2% to almost 4%.

This second share subscription offer is in line with the Group's employee shareholding development policy and for Jean-Louis Chaussade, CEO of SUEZ ENVIRONNEMENT, "*the success of SHARING 2014, following on from that of 2011, reaffirms our collective attachment to the values and ambition of the Group at an essential time in its commercial and industrial development*".

The terms and conditions of this plan are available on the [website](#).
